  - (a) the Company's actual expenditure on Services providers and labour in the Northern Territory compared with the Company's Australian and overseas expenditure on Services providers for the purpose of the Merlin Project;
  - (b) the Services providers who are located in the Northern Territory and who have supplied goods and Services for the purposes of the Merlin Project;

8. Non-Discrimination

- (1) Except as provided by this Agreement and section 64 of the *Mining Act*, the Territory must not impose or allow its instrumentalities or authorities, or any local government authority to impose discriminatory taxes, rates or charges on or in respect of the activities of the Company, its agents or Contractors in respect of the Merlin Project, including but without limitation charges or levies related to the maintenance of the Carpentaria Highway and provisions of signs thereon in the vicinity of the Merlin Project.
- (2) The Territory must not take, or permit to be taken, any other discriminatory action which would deprive the Company of full enjoyment of the rights granted or to be granted under this Agreement, provided that nothing in this subclause shall prevent the Territory, its servants and agents, from taking any lawful action under a law in force in the Territory relating to the protection, conservation or rehabilitation of the environment as provided for by the *Mining Act* and the mineral lease.

9. Finance

- (1) The Company shall notify the Territory of the name, address, telephone and facsimile numbers of any party which has the benefit of a Mortgage:
  - (a) upon execution of this Agreement;
  - (b) within fourteen (14) days of the date of any additional Mortgage: and
  - (c) within fourteen (14) days of any change in such details.

- (2) The Territory shall, if it gives a notice, request or demand to the Company under this Agreement, concerning other than routine matters, provide to a party which has the benefit of a Mortgage a copy of that notice, request or demand.
  - (3) It is agreed between the parties that such notice or written statement provided by the Territory to the Company shall in no way affect the Territory's remedies at law against the Company.
  - (4) A party which has the benefit of a Mortgage shall not be liable for the Company's operation of the Merlin Project or for the performance of any of the Company's obligations under this Agreement provided that where pursuant to any Mortgage such a party conveys to itself an interest in a mineral lease and the Merlin Project or otherwise assumes liabilities of the Company in respect of the Merlin Project, such party may then become so liable to the extent of the interest so conveyed or the liability so assumed.
10. Application of Agreement to further Mineral Leases
  - (1) The terms of this Agreement shall apply, to the extent that it is possible, to any further mineral lease granted to the Company for the mining of diamond bearing ore where the whole or part of the processing of that ore takes place at the mill established or to be established within Mineral Lease N1154, provided that at least part of each such mineral lease is not further than 100 kilometres from a point on the boundary of Mineral Lease N1154.
  - (2) In the event that this Agreement has application to another mineral lease or mineral leases by operation of subclause (1), the definition of "mineral lease" in clause 1 of this Agreement shall be read so as to include the further mineral lease or further mineral leases.
  - (3) In the event that this Agreement has application to another mineral lease or mineral leases by operation of subclause (1), the Territory shall amend the legislation enacted in accordance with clause 4 hereof so that it has application to the further mineral lease or further mineral leases.
11. Variation
  - (1) The parties may vary this Agreement by further agreement in writing signed by the Territory and the Company.
  - (2) The Territory must cause any further agreement made pursuant to this clause to be laid before the Legislative Assembly at the next sitting of the Legislative Assembly.

- (3) The Legislative Assembly may, within ten (10) full sitting days including the day upon which the further agreement was laid before it, pass a resolution disallowing the further agreement, but if after the last day in which the further agreement might have been disallowed, the Legislative Assembly has not passed such a resolution, the further agreement shall have effect from and after that last day.

12. No Assignment

- (1) The Company must not assign its rights or obligations under this Agreement or any of them without the prior written consent of the Territory, which consent shall not be unreasonably withheld.
- (2) The Company may mortgage, charge or encumber the mineral lease and the Minister must consent to that mortgage, charge or encumbrance for the purposes of the *Mining Act*, provided that the consent of the Territory shall be required under subclause (1) for any subsequent sale or transfer by the mortgagee, charge, or encumbrancee exercising its power under the mortgage, charge or encumbrance.
- (3) Nothing in this Agreement shall operate to restrict the ability of the Company to mortgage, charge, encumber or sell or assign the mineral lease.

13. Power to Vary Periods

Notwithstanding any provision in this Agreement, the Territory may in writing at the request of the Company vary any period in this Agreement whether or not the period to be varied has expired.

14. Force Majeure

- (1) Subject to this clause, the time for the performance of any obligation of this Agreement or the mineral lease, except an obligation to pay money, which performance is delayed by circumstances beyond the reasonable control of the party responsible for the performance of such obligation, shall be extended by the period of the delay but no longer and, subject to subclauses (2) and (3), the party shall not be liable in damages to the other nor shall any action, claim or demand be taken or made against a party by reason solely of such delay in the performance of such obligation in circumstances beyond the reasonable control of that party.
- (2) The party responsible for the performance of any such obligation shall use all reasonable diligence to remove the said circumstances and minimise the effects of the said circumstances as soon as is reasonably practicable after notice of the same shall have come to

its attention save and except that the settlement of any strike, lock out or any other industrial dispute shall be entirely in the discretion of any party directly concerned therewith and nothing herein shall require the settlement thereof by acceding to the demands of the opposing party or parties where such settlement is considered inadvisable in the absolute discretion of the party so concerned.

- (3) A party shall as soon as reasonably practicable give notice to the other party of:
- (i) each event alleged to constitute circumstances beyond its reasonable control;
  - (ii) any delay in the performance of any obligation of this Agreement and the mineral lease;
  - (iii) the likely duration of the delay; and
  - (iv) the cessation of the circumstances.
- (4) In this clause, the expression ***circumstances beyond the reasonable control*** shall include, without limitation, earthquakes, floods, storms, tempests, cyclones, wash-aways, fires not caused by the wilful default or gross negligence of the party responsible for such performance, acts of God, acts of war, acts of public enemies, riots and civil commotions, strikes, lock-outs, bans, ***go slow*** activity, stoppages, restraints of labour or other similar acts (whether partial or entire), acts or omissions of the Commonwealth or any instrumentality of the Commonwealth (whether legislative, executive, or administrative) or any other government or governmental authority or instrumentality or any local government authority (whether legislative, executive or administrative) shortages of labour or of essential materials, reasonable inability to obtain contractors or retain contractors, delays of contractors, actual or reasonably forecast inability to profitably sell the diamonds, delays or restrictions on the remittance or provision of funds to a party, inability or delay in obtaining any government or local government authority approval, permit or licence or any other cause whether of a kind specifically enumerated above or otherwise which is not reasonably within the control of the party delayed.

15. Termination

- (1) In the event that the Company:
- (a) is in default in the due and punctual performance or observance of any of the provisions in this Agreement, which default the Territory reasonably considers material;

- (b) subject to clause 14 abandons the Merlin Project and does not resume operations on the Merlin Project and for the purposes of this provision, **abandons** shall include placing the Merlin Project on a care and maintenance basis for a period of more than three (3) years or a number of periods which total more than three (3) years, provided that the Territory may in writing at its discretion extend that period of three (3) years; or
- (c) repudiates any obligation the Territory reasonably considers material under this Agreement,

the Territory may give notice in writing to the Company requiring the Company to remedy that default or to pay to the Territory such sum as is specified in the notice, being a sum which, in the opinion of the Territory, is adequate to compensate the Territory, its servants, agents, contractors, instrumentalities, authorities and any relevant local government authorities for that default.

- (2) If within 150 days of the said notice the Company has neither rectified the default nor paid compensation in accordance with the notice, the Territory may terminate this Agreement by giving not less than 30 days written notice to the Company.

Provided that if the Company, upon receipt of the notice referred to in subclause (1) promptly commences to use and continues to use its best endeavours to remedy the default, the Minister shall extend the notice period for such further period as is reasonably necessary to remedy the default.

Provided further that if the Company has given the Territory a notice in accordance with clause 17 of this Agreement, and such notice has been given not less than 90 days after the notice referred to in subclause (1), the Territory shall not give the Company a notice of termination under sub-clause (2) until the dispute resolution process in clause 17 has terminated.

- (3) The Territory may terminate this Agreement by giving not less than ninety (90) days notice in writing to the Company if the Company goes into liquidation (other than voluntary liquidation for the purposes of reconstruction) and the Agreement shall terminate at the expiration of that ninety (90) day period unless within that period the interest of the Company in this Agreement is assigned to an assignee approved in writing by the Territory.

- (4) The Company may terminate this Agreement by giving not less than one hundred and eighty (180) days notice in writing to the Territory in the event that the Territory:–
- (a) is in default in the due and punctual performance or observance of the provisions in this Agreement, which default the Company reasonably considers material and which has not been remedied within that notice period;
  - (b) enacts legislation which significantly increases the obligations of the Company in relation to the Merlin Project; or
  - (c) enacts legislation which significantly diminishes:–
    - (i) the rights of the Company; or
    - (ii) the profitability of the Merlin Project;

and this Agreement shall terminate upon the expiration of that notice period unless such default has been sooner remedied, or unless such legislation has been sooner repealed.

- (5) Notice given pursuant to this clause shall specify the nature of the default or the ground entitling the party to exercise such right of termination.
- (6) A party who has the benefit of a Mortgage shall be entitled but not obliged to rectify the default within the relevant notice period.
- (7) This Agreement may be terminated at any time by agreement in writing signed by the Territory and the Company.

16. Effects of Termination

- (1) On termination of this Agreement, the Company shall immediately pay all amounts due under this Agreement but unpaid to the Territory.
- (2) Termination of this Agreement shall not terminate the mineral lease or any lease, licence, easement or right of way.
- (3) Notwithstanding any notice of termination by the Territory, nothing in this Agreement shall prevent the Territory from administering and enforcing any law in force in the Territory in its application to the Company, the Merlin Project and the mineral lease.
- (4) Any obligations of confidentiality between the parties shall continue after termination of this Agreement unless otherwise agreed.

- (5) Termination of this Agreement shall not otherwise affect any accrued rights or remedies a party may have against the other party.

17. Resolution of Disputes

- (1) A party shall not commence court proceedings (except proceedings seeking interlocutory relief) in respect of a dispute concerning any clause of this Agreement (a **Dispute**) unless it has complied with this clause.

- (2) A party claiming that a Dispute has arisen shall notify the other party to the Dispute by notice in writing.

- (3) Within ten (10) days after a notice is given under subclause (2) each party to the Dispute shall nominate in writing a representative authorised to settle the Dispute on its behalf.

- (4) The parties shall ensure that during the 45 day period after a notice is given under subclause (2) (or such longer period as is agreed between the parties), their representatives shall use their best endeavours:

- (a) to resolve the Dispute; or

- (b) to agree on:

- (i) a process to resolve all or any part of the Dispute without court proceedings (for example, arbitration, mediation, conciliation, executive appraisal or independent expert determination); and

- (ii) the selection and payment of any third party to be engaged by the parties and the involvement of any dispute resolution organisation.

- (5) The role of any third party will be to assist in negotiating a resolution of the Dispute. A third party may not make a decision that is binding on a party unless that party's representative has so agreed in writing.

- (6) Any information or documents disclosed by a representative under this clause:

- (a) must be kept confidential; and

- (b) may not be used except to attempt to settle the Dispute.

- (7) Each party must bear its own costs of resolving a Dispute under this clause and the parties must bear equally the costs of any third party engaged.
- (8) After the forty-five (45) day period referred to in subclause (4) (or longer period agreed between the representatives), a party that has complied with subclauses (2) to (4) may terminate the dispute resolution process by giving notice to the other parties to the Dispute.
- (9) If a party to a Dispute does not comply with any provision of subclauses (1) to (4) the other party to the Dispute will not be bound by subclause (1) to (4).
- (10) In the event that a Dispute arises in relation to termination the dispute resolution process shall be commenced within the notice period referred to in clause 15.

18. Territory Assistance

- (1) The Company may from time to time make such application to the Commonwealth or to a Commonwealth agency, authority or instrumentality for the grant to it of any permit, consent, approval, authorisation, licence under the laws of the Commonwealth required for the purposes of the Merlin Project.
- (2) On the request by the Company and where the Territory considers it appropriate, the Territory shall make representations to the Commonwealth or to the Commonwealth agency, authority or instrumentality concerned in support of the grant to the Company of any permit, consent, approval, authorisation, licence or permission referred to in subclause (1).

19. No Requirement to Register this Agreement

For the avoidance of doubt, it is hereby agreed that this Agreement does not require approval and registration in accordance with the provisions of Section 173 of the *Mining Act*.
