UTILITIES COMMISSION REGULATIONS 2001

Regulations under the *Utilities Commission Act 2000*

1 Citation

These Regulations may be cited as the *Utilities Commission Regulations 2001*.

2 Authorisation to make code about ring fencing

- (1) The Utilities Commission is authorised to make a code relating to ring fencing in a regulated industry.
- (2) In subregulation (1):

ring fencing means the separate operation of related or associated businesses of a licensed entity in a regulated industry.

2B Authorisation to make code about standards of service

- (1) The Utilities Commission is authorised to make a code relating to standards of service by licensed entities in the electricity supply industry.
- (2) Without limiting subregulation (1), a code may deal with the following:
 - (a) standards of service by licensed entities in the electricity supply industry;
 - (b) performance measures for standards of service by licensed entities in the electricity supply industry;
 - (c) payments to certain customers if specified standards of service are not met.

3 Authorisation to make rules and determinations

- (1) The Utilities Commission is authorised to make rules relating to the provision of ancillary services in the electricity supply industry.

(2) The Utilities Commission is authorised to make determinations relating to the prices for providing ancillary services in the electricity supply industry.

(3) In this regulation:

ancillary services include:

- (a) reserve capacity;
- (b) frequency support;
- (c) load following services; and
- (d) services necessary for the efficient and reliable operation of a power system.
