ENERGY PIPELINES REGULATIONS

Regulations under the *Energy Pipelines Act*

1 Citation

These Regulations may be cited as the *Energy Pipelines Regulations*.

2 Interpretation

- (1) In these Regulations, ***Australian Standard*** means a standard for publication on behalf of the Council of the Standards Association of Australia, being the association of that name incorporated by Royal Charter.
- (2) For the purposes of these Regulations:
 - (a) a reference to an Australian Standard or a Part of an Australian Standard published on a date specified in these Regulations shall be read as a reference to the Australian Standard or the part of the Australian Standard, as the case requires, approved for publication on that date; and
 - (b) where an Australian Standard refers to another instrument, that instrument shall be deemed to be incorporated with, and form part of, the Australian Standard.

3 Permittee or licensee to comply with certain standards

For the purposes of section 34 of the Act, a permittee or licensee shall design, construct, test, operate and maintain a pipeline in accordance with good industry practice and shall comply with the following prescribed standards:

- (a) Australian Standard 1697-1981, SAA Gas Pipeline Code published on 1 July 1981;
- (b) Australian Standard 2018-1981, SAA Liquid Petroleum Pipeline Code published on 1 August 1981;

-
- (c) Australian Standard 1979-1977, SAA Code for Field Pressure Testing of Pipelines published on 1 May 1977;
 - (d) Australian Standard 1958-1976 SAA Submarine Pipeline Code published on 15 January 1977; and
 - (e) Australian Standard 2885 – 1987, SAA Pipelines – Gas and Liquid Petroleum published on 1 September 1987.

4 Directions and instructions to be followed

A form in Schedule 2 shall be completed in accordance with such directions and instructions as are specified in the form.

5 Particulars prescribed by forms

Where a form prescribed by these Regulations requires completion by the insertion of information or some other matter, or requires the annexure of a document containing information or some other matter, that information or other matter is prescribed as the information or other matter required under the provisions specified in Column 1 of Schedule 1 for the purposes of which the form is prescribed.

6 Form of instrument of transfer

An instrument of transfer referred to in section 46(3) of the Act shall be in accordance with Form 4 in Schedule 2.

7 Prescribed map

For the purposes of section 5(2)(c) of the Act, a prescribed map is a map published by the National Mapping Authority with a relative scale of not less than 1:250,000.

8 Prescribed plan

For the purposes of section 13(3)(c) of the Act, a prescribed plan shall be drawn at a relative scale of not less than 1:250,000 with the position of the proposed route of the pipeline identified by means of a centre line and a corridor with each change of direction noted and identified by reference to its latitude and longitude or by reference to the Australian Mapping Grid Value.

9 Licence fees

- (1) Subject to this regulation, for the purposes of section 30(1) of the Act, the unit amount prescribed is 60 cents.

-
- (2) If a licence fee referred to in section 30(1) of the Act is payable in respect of a period any of which is after 30 June 2000, the unit amount prescribed in subregulation (1) is increased by 10%, on and from 1 July 2000, in respect of the licence fee payable for the period after 30 June 2000.
 - (3) The additional amount payable as a result of the increase in the unit amount is the GST component.
 - (4) Despite that a licence fee in respect of a period after 30 June 2000 may have been paid, the additional amount of the GST component may be separately charged and is payable by the licensee within one month after the date the charge is made.
 - (5) In this regulation **GST** has the same meaning as in the *A New Tax System (Goods and Services Tax) Act 1999* of the Commonwealth.

10 Prescribed fees

The fees payable for the purposes of the Act are the fees specified in Schedule 3 in relation to the respective matters so specified.

11 Prescribed manner of marking pipeline

For the purposes of section 39 of the Act, the route of a pipeline shall be marked in accordance with the signs and manner specified in Schedule 4.
