- (2) In this section:

compensation means an amount of money ascertained in accordance with the *Lands Acquisition Act* or any other law in force in the Northern Territory to be the amount which a person is entitled to receive in respect of the acquisition by the Commonwealth or the Territory of land or an estate or interest in land.

- (1) If it is proposed to open a road, or alter or close a road or part of a road, the Surveyor-General must give the Minister:
- (a) a plan, certified by the Surveyor-General as an adequate representation, showing the approximate position of the proposal; and
 - (b) in relation to the plan, a statement showing the names of adjoining owners with the last known address of each of them.
- (2) After consideration of the plan, the proposal and statement mentioned in subsection (1), the Minister may approve or amend the proposal and, as soon as practicable after the approval, must deposit with the Surveyor-General the plan showing the proposal and amendments, if any, endorsed with the approval of the Minister, together with the statement.

18 Duties of Surveyor-General

If a plan is deposited with the Surveyor-General in accordance with section 17(2), the Surveyor-General must:

- (a) cause a notice to be inserted in the *Gazette* and in a newspaper circulating in the locality of the land to which the plan relates stating a general description of the proposal and setting out the names of adjoining owners; and
- (b) maintain a copy of the plan as approved by the Minister, and permit any person, during normal business hours, to inspect it.

20 Person may object to proposal

Any person may, at any time within 28 days from and including the date of publication of the notice in the *Gazette* or the newspaper, whichever is the later, mentioned in section 18(a), object to the proposal by serving a notice, stating the grounds for the objection, on the Minister either personally or by post.

21 Procedure where no objection received

If, at the date of expiry of the time limited by section 20, no person has objected to the proposal in accordance with that section, the Minister may, at any time within 6 months from and including that date, by notice in the *Gazette* and in a newspaper circulating in the locality of the proposal, order a new road to be opened or a road or part of a road to be altered or closed in accordance with the plan deposited with the Surveyor-General.

22 Procedure where objection received

- (1) If, at the expiry of the time limited by section 20, a person has objected to the proposal in accordance with that section, the Minister may consider the objection and the plan and the statement deposited under section 17, and must determine whether or not the proposal will proceed or an amendment to the proposal must be made.
- (2) Within 6 months after the expiry of the time limited by section 20, the Minister must:
 - (a) by notice in the *Gazette* and in a newspaper circulating in the locality of the land to which the plan and proposal relate, order a new road to be opened or a road or part of a road to be altered or closed in accordance with the plan deposited with the Surveyor-General under section 17(2); or

 - (ii) in relation to the plan – a statement showing the names of the adjoining owners with the last known address of each of them.

22A Certain provisions to apply where proposal amended after objection

- (1) Subject to this section, if a plan is deposited with the Surveyor-General under section 22(2)(b), sections 18 to 22 inclusive apply to and in relation to that plan and the proposal to which it relates as if the plan were a plan deposited under section 17(2).
- (2) If a plan is deposited with the Surveyor-General under section 22(2)(b), the Surveyor-General must cause a notice to be inserted in the *Gazette* and in a newspaper circulating in the locality of the land to which the plan relates stating a general description of

the proposal, that the proposal is an amended proposal and setting out the names of adjoining owners.

- (3) If the Minister is satisfied that an objection is the same or substantially the same as an objection already submitted under section 20 and considered under section 22, the Minister may disregard the first-mentioned objection and proceed under this Act as if it had not been made.

23 Effect of order

Upon the publication in the *Gazette* of an order made under section 21 or 22:

- (a) land to be taken for a new road or for an alteration to a road, or a part of a road, is, by virtue of this Act, vested in the Territory and is under the care, control and management of the Minister; and
- (b) the Minister may, subject to this Act:
 - (i) pay or receive money agreed to be paid or received for the exchange or disposal of land affected by the order; and
 - (ii) dispose of land comprising a road, or a part of a road, which is closed by the order; and
 - (iii) execute such documents as are required or are necessary to be executed.

24 Land to be offered to adjoining owners

- (1) If any land of the Crown comprises:
- (a) a former road or part of a road that has been closed under this Act; or
 - (b) a road or part of a road that it is proposed to close under this Act;

the Minister may agree with a person who has an estate or interest in land adjoining the first-mentioned land that the person will, after the road or part of a road has been so closed, be granted an estate or interest in the first-mentioned land of a like nature to the person's estate or interest in the adjoining land:

- (c) for such amount as is specified in the agreement; or

- (d) if the person's estate or interest in the adjoining land is a lease granted by or on behalf of the Crown, on the resumption of such part of the adjoining land as is specified in the agreement.
- (2) If each of 2 or more parcels of land adjoining land comprising a former road or part of a road that has been closed under this Act is held for an estate in fee simple or leasehold from the Crown and the parcels are not so held by the same person, the Minister may give written notice to all the persons holding the parcels that the Minister is prepared to dispose of the second-mentioned land.
- (3) Each notice under subsection (2) must specify the estate in the land which the Minister is prepared to offer and the amount for which the Minister is prepared to dispose of that estate.
- (4) If notices have been given under subsection (2) and 2 or more of the persons notified inform the Minister in writing, within 28 days after the date on which the last of the notices was given, that they desire to acquire the land specified in the notices, the Minister must invite each such person to tender for an estate in that land of like nature to the estate held by the person in the person's adjoining parcel of land.
- (5) If the Minister receives only one tender of an amount that is not less than the price specified in the notices, the Minister must accept the tender but, if he or she receives more than one tender, the Minister must accept the tender of the person tendering the highest amount.
- (6) If a tender under subsection (5) is accepted the tenderer is entitled to be granted an estate in the land in respect of which the tender is made of like nature to the estate held by the tenderer in his or her adjoining parcel of land.

25 In certain cases land may become Crown lands

If a road, or a part of a road, that is not on land in respect of which a council is the registered proprietor of an estate in fee simple is ordered to be closed and:

- (a) the Minister certifies that the land comprising that road or part of the road can be conveniently used, whether separate from other land or when added to other Crown lands; or
- (b) an adjoining owner does not, within one year from and including the date of the publication in the *Gazette* of the order, acquire, or enter into an agreement to acquire the land, or so much of the land as is not disposed of;

the land becomes Crown lands and is subject to the laws of the Northern Territory relating to Crown lands.

26 Reservations

The Minister may, at any stage in a proceeding under this Act, direct that a certificate as to title to be issued, or a lease to be granted, under this Act must be subject to such reservations as the Minister directs.

27 Administrator or Minister empowered to amend existing lease

- (1) If an agreement made under section 16, 24(1) or 24(5) by the acceptance of a tender entitles a person to be granted a leasehold estate, the estate must be granted by amending the person's lease of the land adjoining the land to be granted so that the land comprising the former road or part of a road is included in the land that is subject to the lease, with such alteration of the reservations, covenants, conditions and provisions of the existing lease as are specified in the agreement.
- (2) The Minister is empowered to amend an existing lease to incorporate additional land in the lease and to do all other things necessary to give effect to subsection (1).
- (3) An amendment of an existing lease under this section is effected by lodging with the Registrar-General a memorandum describing the land incorporated and the alterations in the reservations, covenants, conditions and provisions specified in the agreement.
- (4) The Registrar-General must register a memorandum lodged under subsection (3) and must endorse on the original lease in the Register of Crown Leases a note referring to the memorandum and stating that further land has been incorporated in the lease.

28 Easements etc. preserved

If land subject to an easement, mortgage or other charge is included in land for which a certificate as to title is to be issued under section 27, the certificate as to title issued must be subject to that easement, mortgage or other charge.

29 Registrar-General to correct Register books etc.

- (1) Upon issuing of a certificate as to title or the granting of a lease, under this Act, the Registrar-General must make such alterations and corrections as are necessary on any deposited plan and in the Register.

- (2) The Registrar-General may serve notice in writing, by registered post, on a person who holds a certificate as to title which is affected by the issue of a certificate as to title pursuant to this Act, requiring that person to deliver the certificate as to title to the Registrar-General, within a time stated in that notice, in order that the Registrar-General may cancel, correct or alter it in the manner required.
- (3) A person must not fail to comply with the requirements of a notice given in accordance with subsection (2).

Maximum penalty: 3 penalty units.

30 Prohibition of removal to the Supreme Court

An order purporting to be made under this Act must not be removed or removable into the Supreme Court after section 29 has been complied with in respect of that order.

31 Compensation

If a road or a part of a road which is ordered to be opened, altered or added to runs through or over land, in the original grant or in the lease of Crown lands of which a power of making roads has not been reserved, a person, not being a party to an agreement for exchange, who has an estate or interest in the land or a part of the land taken, may, within 12 months from the date of the *Gazette* in which the order was published, serve a notice in writing on the Minister, claiming compensation for the land taken.

Note for section 31

See section 16 for agreement to exchange.

If land contiguous to a road is fenced and the boundary of that road is altered in consequence of an order made under this Act, other than an order made under section 32, the Minister, at the expense
