Notes for subsection (2)

- 1 *The plan of subdivision subdivides the land into lots that constitute the units and common property of the scheme.*
 - 2 *The registration of the plan of subdivision and scheme statement has the effect, amongst other things, of creating the registered interests in the units and in the common property.*
 - 3 *For the interactions between this Act and the Unit Titles Act, see sections 111 to 113.*
- (3) In general, this Act sets out the rules about the basic operation of a scheme and related administrative matters.

 - (b) the key elements and development of a scheme.
 - (5) Chapter 3 provides for the administration of a scheme, including:
 - (a) the administration of the body corporate of a scheme (including, for example, the formation of the committee of management for the scheme); and

 - (a) the progressive development of a scheme;
 - (b) the formation of a layered scheme;
 - (c) the amalgamation of 2 or more basic schemes.

Part 2.2 Life of a scheme

Division 1 Forming a scheme

10 Formation of scheme

- (1) A ***unit title scheme*** is an arrangement set out in a written statement (the ***scheme statement***) for:
 - (a) the creation of 2 or more units and common property from:
 - (i) land subdivided under a plan of subdivision when the scheme is formed; and
 - (ii) any changes to the land at a later time (including, for example, an addition to, or consolidation or further subdivision of, the land); and
 - (b) the formation of a body corporate constituted by the unit owners.

Note for subsection (1)

Section 54A of the Land Title Act provides that the plan of subdivision mentioned in subsection (1)(a) cannot be registered unless the first scheme statement is also registered at the same time.

- (2) A scheme is formed when a scheme statement (the ***first scheme statement***) is first registered for the scheme.

Notes for subsection (2)

- 1 For the requirements about a scheme statement, see section 18.
2 For the registration of a scheme statement, see Part 4, Division 4 of the Land Title Act.

- (3) The scheme must be identified by:
- (a) if a scheme name is specified in the scheme statement – that name, the registration number of the scheme, or both; or
 - (b) otherwise – the registration number of the scheme.

Note for subsection (3)

A name may be reserved for a proposed scheme under section 54C of the Land Title Act.

11 **Effect of formation of scheme**

- (1) On the formation of the scheme:
- (a) the first scheme statement takes effect; and
 - (b) the body corporate of the scheme is formed; and
 - (c) the original owner becomes the registered owner of the units; and
 - (d) the body corporate becomes the registered owner of the common property.
- (2) On and after the scheme is formed, the body corporate, unit owners and unit occupiers are taken to have agreed to comply with the scheme statement, management module and by-laws.
- (3) Subsection (2) has effect subject to the scheme statement of each higher scheme.

Division 2 Changing a scheme

12 Changes to scheme statement

- (1) A matter specified in a scheme statement may be changed only if a replacement scheme statement (***subsequent scheme statement***) reflecting the change is registered.

Note for subsection (1)

On the registration of the subsequent scheme statement, the scheme statement previously in force is cancelled under section 54B(2)(c) of the Land Title Act.

- (2) Subsection (1) has effect except as prescribed by regulation, including, for example, a regulation:
- (a) allowing another way to change the scheme statement; or
 - (b) prohibiting or restricting specified changes to a scheme statement.

Note for subsection (2)

The following are possible changes to a matter specified in the scheme statement:

- a change of the by-laws;
 - a change to the unit entitlements;
 - a change to the scheme land (including, for example, further subdivisions of the units, consolidation of some of the units or a change resulting from an acquisition by an acquisition authority of part of the scheme land).
- (3) This section does not limit the effect of Part 2.4, which sets out the special rules for particular changes that may be made to a scheme.

Division 3 Terminating a scheme

13 General rules

- (1) A scheme may be terminated only under this Division or section 72.
- (2) A higher scheme cannot be terminated unless, at the same time, all its subsidiary schemes are also terminated.
- (3) The management module may provide for the termination of a scheme, including, for example, any of the following:
- (a) the payment of compensation to a unit owner, mortgagee or registered lessee;
 - (b) the provision of accommodation to unit occupiers;

- (c) the resolution of disputes (in addition to an adjudication under section 85).

14 Termination by court order

- (1) An application may be made to the Supreme Court for an order for the termination of a scheme.
- (2) The application must be made by:
 - (a) if the scheme is a basic scheme – the body corporate, or a unit owner, of the basic scheme (a *relevant scheme*); or
 - (b) if the scheme is a higher scheme – the body corporate, or a unit owner, of the higher scheme or any of its subsidiary schemes (each of which, including the higher scheme, is a *relevant scheme*).
- (3) The Supreme Court may approve the application only if the Supreme Court considers it is just and equitable to do so.
- (4) In considering the application, the Supreme Court must take into account the view expressed by any of the following:
 - (a) the schemes supervisor;
 - (b) an affected local government authority;
 - (c) the body corporate, or a unit owner, mortgagee or registered lessee of a unit, of a relevant scheme or a higher scheme that is not a relevant scheme.
- (5) The Supreme Court may make any order it considers necessary for the termination (including, for example, an order appointing an administrator or providing for accommodation for unit occupiers).
- (6) However, the Supreme Court's power under this section does not extend to making an order relating to the consolidation or subdivision of land otherwise than in accordance with the *Planning Act* and *Land Title Act*.

15 Termination by resolution

A scheme may be terminated if:

- (a) the body corporate of the scheme decides to terminate the scheme by a unanimous resolution; or
- (b) all of the following conditions are satisfied:
 - (i) this paragraph applies under the management module;

- (ii) the scheme has existed for at least 20 years after the commencement of this Act;
- (iii) the body corporate of the scheme decides to terminate the scheme by a resolution prescribed by regulation that is supported by unit owners holding at least 90% of the total interest entitlements.

16 **When termination takes effect**

The termination of a scheme takes effect when:

- (a) the documents required for the termination are registered under section 54E of the *Land Title Act*, and
- (b) the Registrar-General cancels the scheme statement under that section.

17 **Effect of termination**

(1) On the termination of a scheme under section 14 or 15:

- (a) the body corporate is dissolved; and
- (b) each person who was a registered owner of a unit immediately before the termination (*former owner*) is entitled to a share of the body corporate assets in accordance with the interest entitlements; and
- (c) the liabilities of the body corporate are vested jointly and severally in the former owners; and
- (d) the liabilities for any statutory charges over the scheme land are vested jointly and severally in the former owners; and
- (e) the liabilities for any taxes accrued by a former owner in relation to a unit continue to be vested in the former owner.

Note for subsection (1)

The ownership of the lot comprising the scheme land is vested in the former owners as tenants in common when the termination takes effect. See section 54E of the Land Title Act.

(2) A former owner:

- (a) is not liable to pay any stamp duty that would otherwise be payable because of the operation of subsection (1); and
- (b) is entitled to contributions from other former owners for the liabilities mentioned in subsection (1)(c) or (d) in accordance with the interest entitlements.

- (3) In addition, the Supreme Court may make an order for the control or disposal of a body corporate asset on application by a person who has an interest in the asset.
- (4) Subsections (1) to (3) have effect subject to:
 - (a) the management module; and
 - (b) an order mentioned in section 14, or a resolution mentioned in section 15, in relation to the termination.

Note for subsection (4)

For the formation of a subsidiary scheme, see section 63(1).

- (5) To the extent to which it is just and equitable to do so:
 - (a) the contribution entitlement of each unit must be equal; and
 - (b) the interest entitlement of each unit must reflect the differences in market value between the units when the scheme statement creating the unit, or the scheme statement last adjusting the entitlement, is lodged.

63 Subsidiary scheme, higher scheme and basic scheme

- (1) A scheme (*first scheme*) is a *subsidiary scheme* of another scheme (*second scheme*) if the scheme land of the first scheme (*first scheme land*) is part of the scheme land of the second scheme because:
 - (a) the first scheme land is a unit of the second scheme; or
 - (b) the first scheme land is a unit of another scheme whose scheme land is part of the scheme land of the second scheme.

Note for subsection (1)

Subsection (1)(b) applies if there are 2 or more interposed schemes forming a chain between the first scheme and second scheme. The scheme land of each interposed scheme (except the last one in the chain) is a unit of the next interposed scheme. The scheme land of the last interposed scheme is a unit of the second scheme.

- (2) If the first scheme is a subsidiary scheme of another scheme, the other scheme is a **higher scheme** of the first scheme.
- (3) A scheme that is not a higher scheme of any scheme is a basic scheme.

Notes for section 63

- 1 *Diagram 63.1 shows how a basic scheme might be structured.*
- 2 *Except as otherwise provided by this Act, a scheme must operate independently of any of its subsidiary schemes or higher schemes. See section 68(3).*

Diagram 63.1 – Basic scheme

Division 2 Progressive development of a scheme

64 Scheme intended to be developed progressively

- (1) A scheme is **intended to be developed progressively** if:
 - (a) the developer intends that all or part of the scheme land is to be further developed (including, for example, by a further subdivision or consolidation of all or part of the land); and
 - (b) the implementation of a stage of the development (whether or not the stage is specified in the scheme statement) will require the issuing of a development permit or exceptional development permit under the *Planning Act*, and
 - (c) at least 1 stage of the development is yet to be completed.

Note for subsection (1)

The scheme statement must specify certain information about the development. See section 18(1)(e).

- (2) Without limiting subsection (1), a scheme is **intended to be developed progressively** in each of the following circumstances:
 - (a) part of the scheme land is intended to be further subdivided to create more units (whether or not forming the scheme land of another scheme);

- (b) part of the scheme land is intended to be excised from the scheme land (whether or not forming the scheme land of another scheme);
 - (c) additional lots are intended to be incorporated into the scheme land.
- (3) Subsection (1) does not prevent a scheme not intended to be developed progressively from becoming a scheme that is so intended.

Example for section 64

Diagrams 64.1 and 64.2 show how a scheme develops progressively by subdividing a unit (unit 1) to create units 4 and 5.

Diagram 64.1 – Before implementing a stage of development

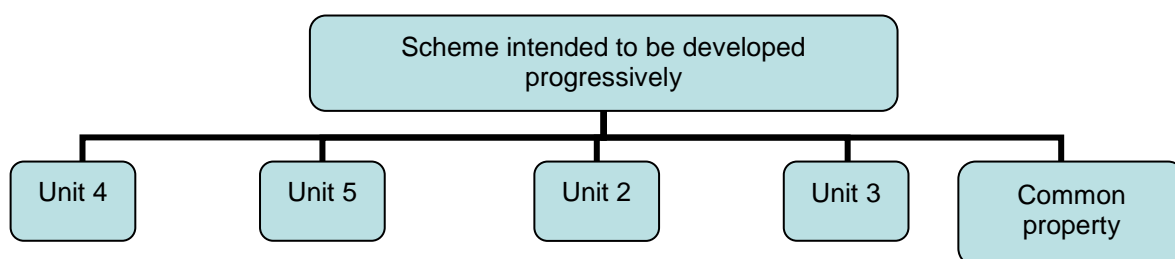

Diagram 64.2 – After implementing a stage of development

65 Implementation of stage of development otherwise than as indicated in scheme statement

- (1) This section applies if:
- (a) a scheme is intended to be developed progressively; and
 - (b) the developer proposes to implement a stage of the development otherwise than as indicated in the scheme statement.

- (2) Without limiting subsection (1)(b), the implementation of a stage of the development is otherwise than as indicated in the scheme statement if:
- (a) the stage is not specified in the statement; or
 - (b) the stage will not be implemented in the order specified in the statement; or
 - (c) the implementation will affect or change the nature or purposes of the development otherwise than as specified in the statement; or
 - (d) the implementation will involve a further subdivision or consolidation of land not specified in the statement.
- (3) The developer must give written notice of the implementation of the stage to the following at least 1 month before applying for the development permit or exceptional development permit for the implementation:
- (a) the body corporate;
 - (b) anyone who has entered into a contract with the developer to buy a unit that will come into existence as a result of the implementation of the stage, or a later stage, of the development.

Fault element: Strict liability offence.

Maximum penalty: 100 penalty units.

66 Subsequent scheme statement for implementation

- (1) This section applies if:
- (a) a scheme is intended to be developed progressively; and
 - (b) the developer proposes to implement a stage of the development; and
 - (c) the developer requests the body corporate to lodge a subsequent scheme statement reflecting the implementation.
- (2) The body corporate must lodge the subsequent scheme statement:
- (a) if the developer proposes to implement the stage as indicated in the existing scheme statement – within 1 month after the body corporate receives the request; or

- (b) if the developer proposes to implement the stage otherwise than as indicated in the existing scheme statement as mentioned in section 65(2) – within 1 month after the following conditions are satisfied:
 - (i) the developer has given the body corporate a notice of the implementation in accordance with section 65(3);
 - (ii) the subsequent scheme statement is consistent with a development permit or exceptional development permit that has been issued for the implementation;
 - (iii) the consent authority has endorsed the subsequent scheme statement.

Fault element: Strict liability offence.

Maximum penalty: 100 penalty units.

67 Requirements relating to scheme

- (1) The regulations may prescribe requirements in relation to a scheme intended to be developed progressively.
- (2) Without limiting subsection (1), the regulations may prescribe:
 - (a) the provision and maintenance of security by the developer or another person:
 - (i) as approved by the schemes supervisor under the regulations; or
 - (ii) as otherwise provided by the regulations; and
 - (b) the conditions under which a person may be taken to be the developer of the scheme under the regulations, including, for example:
 - (i) the qualifications of the person; and
 - (ii) the approval of the transfer of the developer's rights to the person.

Division 3 Layered scheme

68 Layered schemes

- (1) A scheme is a *layered scheme* if:
 - (a) it is not a subsidiary scheme of another scheme; and

(b) it is a higher scheme of 1 or more other schemes.

Note for subsection (1)

The scheme land of the layered scheme therefore consists of the following:

- (a) the scheme land of all its subsidiary schemes;*
- (b) the common property of the layered scheme;*
- (c) any other unit of the layered scheme.*

(2) The following are the **member schemes** of the layered scheme:

- (a) the layered scheme;
- (b) each subsidiary scheme of the layered scheme.

(3) Except as otherwise provided by this Act, a member scheme must operate independently of another member scheme.

Notes for subsection (3)

- 1 A decision of the body corporate of a subsidiary scheme is not normally required to be endorsed by the body corporate of a higher scheme unless it is specifically required under this Act.*
- 2 Provisions of this Act that might affect the general rule in this subsection include sections 11(3), 13(2), 29(6) and 52(1)(a).*
- 3 The member schemes are not required to have the same management module and by-laws. See sections 94(6) and 95(4).*

69 How layered schemes are formed

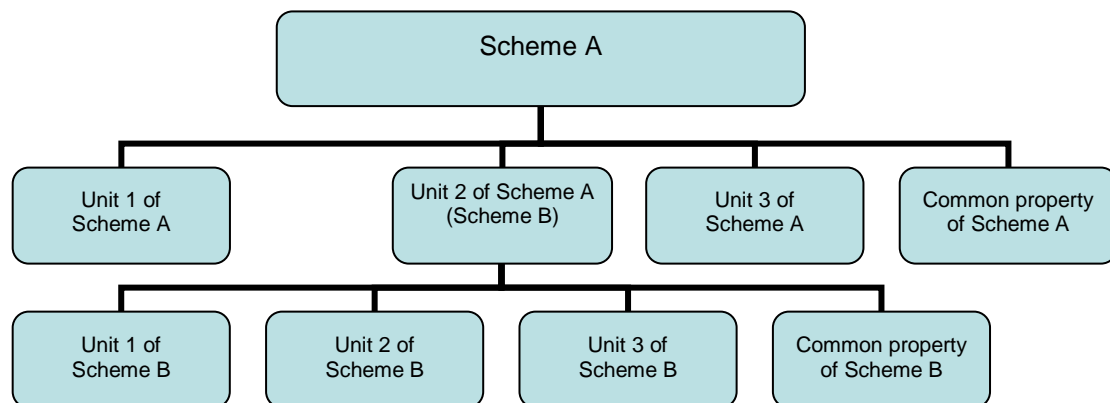

A layered scheme may be formed only in 1 of the following ways:

- (a) the progressive development of a basic scheme into a layered scheme;
- (b) the amalgamation of 2 or more basic schemes to form a layered scheme under section 71;
- (c) the formation of a subsidiary scheme from the subdivision of a unit of a basic scheme otherwise than as part of the progressive development of the basic scheme;
- (d) the formation of a subsidiary scheme from additional lots acquired for a basic scheme;
- (e) as otherwise provided by the regulations.

Example for section 69

Diagram 69.1 shows how a layered scheme is formed as a result of the progressive development of a basic scheme (Scheme A). Unit 2 of Scheme A is subdivided to form a subsidiary scheme (Scheme B). Scheme A then becomes a layered scheme.

Diagram 69.1 – Layered scheme formed from a basic scheme

Division 4 Amalgamation of schemes

70 General rule

Except as provided by sections 71 and 72, schemes cannot be amalgamated to form another scheme.

71 Amalgamating schemes to form layered scheme

- (1) Two or more basic schemes that are not subsidiary schemes may be amalgamated to form a layered scheme if:
 - (a) the Supreme Court orders the formation of the layered scheme on application by a unit owner or the body corporate of at least 1 of the basic schemes; or
 - (b) the body corporate of each of the basic schemes, by a unanimous resolution, agrees to form the layered scheme.
- (2) The order or resolution must provide for the following:
 - (a) the first scheme statement of the layered scheme;
 - (b) a subsequent scheme statement of each of the basic schemes reflecting the order or resolution;
 - (c) the rights and liabilities accrued in relation to the basic schemes;
 - (d) other matters prescribed by regulation.
- (3) The Supreme Court may make an order under subsection (1)(a) only if the Court considers it is just and equitable to do so.

- (4) The body corporate of each of the basic schemes must lodge the subsequent scheme statement mentioned in subsection (2)(b) before the layered scheme is formed.

Fault element: Strict liability offence.

Maximum penalty: 100 penalty units.

Note for subsection (4)

The bodies corporate of the basic schemes must prepare and lodge the first scheme statement of the layered scheme. See section 20(1)(b) and (2)(c).

- (5) Except as otherwise provided by this Act, the amalgamation does not affect any accrued liability for a tax or charge relating to the scheme land of any of the basic schemes.
- (6) A thing done for any of the basic schemes has effect after the formation of the layered scheme to the extent to which it is consistent with the scheme statement of each of the basic schemes and of the layered scheme.
- (7) This section does not prevent any changes being made to any of the basic schemes under this Act in conjunction with the amalgamation (including, for example, a consolidation of any of the units).

Example for section 71

Diagram 71.1 shows the structure of 2 basic schemes (Schemes A and B).

Diagram 71.2 shows the structure of a layered scheme (Scheme C) formed as a result of the amalgamation of Schemes A and B. Parts of the common property of Schemes A and B (including a swimming pool and tennis court) become the common property of Scheme C.

Diagram 71.1 – Before amalgamation

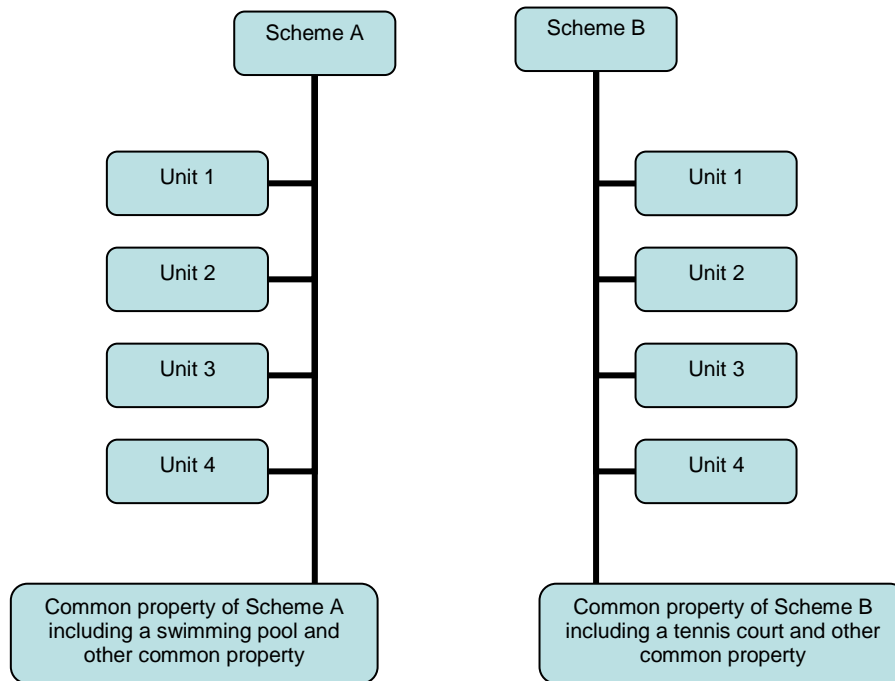

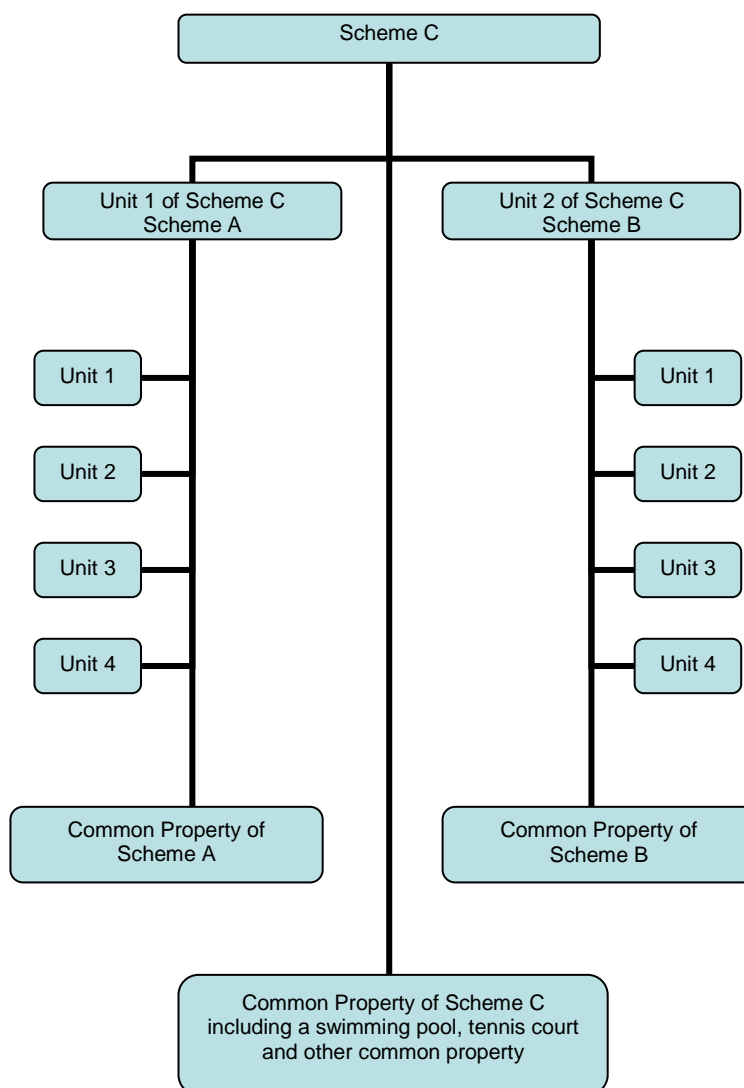

Diagram 71.2 – After amalgamation

72 Amalgamating schemes to form new scheme

- (1) Two or more basic schemes that are not subsidiary schemes may be amalgamated to form a single new scheme to replace the basic schemes if:
 - (a) the Supreme Court orders the formation of the scheme on application by the body corporate or a unit owner of at least 1 of the basic schemes; or
 - (b) the body corporate of each of the basic schemes, by a unanimous resolution, agrees to form the new scheme.

Note for subsection (1)

In contrast to an amalgamation under section 71, an amalgamation under this section will result in the termination of the basic schemes.

- (2) The order or resolution must provide for the following:
- (a) the first scheme statement of the new scheme;
 - (b) the termination of the basic schemes;
 - (c) the rights and liabilities accrued in relation to the basic schemes;
 - (d) other matters prescribed by regulation.

Note for subsection (2)

The bodies corporate of the basic schemes must prepare and lodge the first scheme statement of the new scheme. See section 20(1)(b) and (2)(c).

- (3) The Supreme Court may make an order under subsection (1)(a) only if the Court considers it is just and equitable to do so.
- (4) On the registration of the first scheme statement and the documents required under section 54E of the *Land Title Act*:
- (a) the basic schemes are terminated and the new scheme is formed; and
 - (b) the scheme land of the basic schemes become the units and common property of the new scheme as set out in the first scheme statement; and
 - (c) except as otherwise provided by this Act:
 - (i) any accrued liability for a tax or charge in relation to the scheme land or body corporate of any of the basic schemes are vested in the new scheme; and
 - (ii) anything done for any of the basic schemes has effect as if it had been done for the new scheme.

- (5) The regulations may provide for a matter arising from this section.

Note for section 72

For the termination of a scheme in general, see section 13.

Chapter 3 Administration of a scheme

Part 3.1 Introduction

73 Overview of Chapter

This Chapter provides for matters relating to the administration of a scheme, including:

- (a) the administration of the body corporate; and
- (b) the resolution of disputes arising from the operation of the scheme; and
- (c) the rules governing body corporate managers, service contractors, caretaking service contractors and letting agents; and
- (d) the management modules (which are rules about the management of the scheme); and
- (e) the by-laws (which set out the rights and obligations of the body corporate, unit owners and unit occupiers).

Part 3.2 Administration of body corporate

Division 1 Management of body corporate

74 Committee of management

- (1) There must be a committee of management (the *committee*) for:
 - (a) a higher scheme; or
 - (b) a basic scheme with at least 4 unit owners; or
 - (c) a basic scheme with less than 4 unit owners if the body corporate of the scheme decides, by a resolution without dissent, to form the committee.
- (2) The committee is composed of 1 or more committee members elected in accordance with the management module.
- (3) A committee member must be:
 - (a) a unit owner that is an individual; or

(b) an individual appointed by a unit owner that is a body corporate.

(4) The management module must provide for:

- (a) the term of office of a committee member; and
- (b) the functions and powers of the committee; and
- (c) the procedural matters relating to the committee.

75 Committee must act for body corporate

- (1) Except as otherwise provided by the management module, a decision of the committee is a decision of the body corporate.
- (2) The committee must:
 - (a) implement a lawful decision of the body corporate; and
 - (b) act reasonably in exercising the committee's powers and performing the committee's functions.
- (3) A decision of a person who honestly and reasonably believes he or she is acting as a committee member has effect as a decision of a committee member.
- (4) A decision of the committee prevails to the extent to which it is inconsistent with a decision of the body corporate manager.

76 Protection of committee member

(1) A person is not civilly liable for an act done or omitted to be done by the person in good faith in the exercise of a power or performance of a function as a committee member.

(2) In this section:

exercise, of a power, includes the purported exercise of the power.

performance, of a function, includes the purported performance of the function.

77 Code of conduct

- (1) The code of conduct in Schedule 1, Part 1 applies to a committee member.
- (2) A person who breaches the code of conduct may be removed as a committee member in accordance with the management module.

Division 2 Meeting and voting

78 Requirements about meeting and voting

- (1) The body corporate and the committee of a scheme:
 - (a) must hold meetings as required by the management module; and
 - (b) may hold other meetings as decided by the body corporate or committee (as appropriate).
- (2) The management module may provide for the meetings and voting procedures for the body corporate and committee, including, for example:
 - (a) the appointment of a proxy for a meeting; and

79 Methods of voting

- (1) Subsections (2) to (7):
 - (a) apply for voting about a resolution of the body corporate at a meeting of the body corporate; and
 - (b) apply with changes specified in the management module:

- (4) A motion is passed by a ***unanimous resolution*** if the number of the votes counted in favour of the motion is equal to the total number of the units.
- (5) A motion is passed by a ***resolution without dissent*** if no vote is counted against the motion.

- (6) A motion is passed by a **majority resolution** if the number of the votes counted in favour of the motion exceeds 50% of the total number of the units.
- (7) A motion is passed by an **ordinary resolution** if:
- (a) both of the following conditions are satisfied:
 - (i) this paragraph applies under the management module;
 - (ii) the contribution entitlements of the units for the votes counted in favour of the motion exceed the contribution entitlements of the units for the votes counted against it;
or
 - (b) otherwise – the votes counted in favour of the motion are more than the votes counted against the motion.
- (8) A motion is passed by a **special resolution** if:
- (a) at least two-thirds of the votes cast are counted in favour of the motion; and
 - (b) the contribution entitlements of the units for the votes counted against the motion do not exceed 25% of the contribution entitlements of all the units.
- (9) A unit owner who fails to pay an amount of annual contributions or levies to the body corporate by the date it is required to be paid may not, while the amount is outstanding, vote on a motion of the corporation.
- (10) Subsection (9) does not apply to a motion required by this Act to be passed by a unanimous resolution or resolution without dissent.

80 Evidence of resolutions

A document affixed with the seal of the body corporate specifying the following matters is evidence of the matters:

- (a) a meeting of the body corporate was held on a specified date;
- (b) a resolution in specified terms was passed at the meeting;
- (c) the resolution was a unanimous resolution, resolution without dissent, majority resolution, ordinary resolution, special resolution or another specified resolution.

Division 3 Records and notices

81 Records required by management module

- (1) The management module of a scheme may provide for a record that must be kept by the body corporate.
- (2) Any of the following may apply under the management module to access the record or specified information contained in the record:
 - (a) a unit owner or mortgagee of a unit;
 - (b) a person intending to buy a unit;
 - (c) a person whom the body corporate reasonably considers to have a proper interest in the record or information;

- (3) Within 10 working days after receiving the application, the body corporate must allow the person to inspect the record or give the person a copy of the record or the information (as appropriate).
- (4) Subsection (3) applies only:
 - (a) if the person has complied with the requirements prescribed by the management module; and
 - (b) to the extent to which the record or information does not contain any defamatory material.
- (5) The body corporate must comply with subsection (3).

Fault element: Strict liability offence.

Maximum penalty: 20 penalty units.

82 Notices required by management module

The management module may provide for notices that must be given to the body corporate, including, for example, notices about:

- (a) the transfer of the ownership of a unit; and
- (b) the happening of a specified event in relation to a unit.

83 Service of documents

- (1) The body corporate must ensure:
- (a) a notice specifying the scheme name is displayed at a conspicuous place on the scheme land; and
 - (b) a letterbox clearly marked for receiving postal delivery to the body corporate is located at the place.

Fault element: Strict liability offence.

Maximum penalty: 20 penalty units.

- (2) A document may be served on the body corporate by:
- (a) placing the document in the letterbox; or
 - (b) prepaid post addressed to the body corporate address.

Part 3.3 Dispute resolution

84 What is a dispute

- (1) There is a *dispute* relating to a scheme in any of the following circumstances:
- (a) the body corporate, or a unit owner, unit occupier or mortgagee of a unit, claims there is, or has been, a contravention of this Act by a person in relation to the scheme;
 - (b) a unit owner claims to have been wrongfully treated by the body corporate, the committee, another unit owner or a unit occupier;
 - (c) a unit owner claims a decision of the body corporate or committee is unreasonable, oppressive or unjust;
 - (d) a dispute relating to a unit or the common property has arisen:
 - (i) between a unit owner and the body corporate or committee; or
 - (ii) between 2 or more unit owners;
 - (e) other circumstances prescribed by regulation.
- (2) However, a reference in subsection (1)(c) to a decision of the body corporate does not include a reference to a decision of the body corporate to terminate the scheme under section 15(b).

85 Application for adjudication of dispute

- (1) A person (the *applicant*) mentioned in section 84 may apply to the Local Court for the adjudication of a dispute between the applicant and another person (the *respondent*) mentioned in that section in relation to the dispute.
- (2) Except as otherwise directed by the Local Court, the applicant and respondent are parties to the proceedings for the application.
- (3) If the body corporate is a party to the proceedings, the body corporate may appoint the body corporate manager or a unit owner to be its representative in the proceedings.
- (4) The Local Court:
 - (a) must not deal with the application if it considers another person or body should adjudicate the dispute; and
 - (b) may exercise its jurisdiction under the *Small Claims Act* and *Local Court Act* in dealing with the application.
- (5) This Part does not affect any other remedy a person may have in relation to the dispute.

86 Powers of Court

- (1) Without limiting the Local Court's powers, it may, for adjudicating the dispute, do 1 or more of the following:
 - (a) make an interim order in relation to the application;

 - (g) order a change to be made to a by-law;
 - (h) make any other order for the resolution of the dispute as the Court considers appropriate.

- (2) The Local Court must not order a change to be made to a by-law unless it is satisfied:
- (a) the change is necessary for an equitable resolution of the dispute; and
 - (b) if the body corporate was not a party to the proceedings – it had a reasonable opportunity to be a party; and
 - (c) a unit owner who could be adversely affected by the change had a reasonable opportunity to make a submission to the Court about the change.
- (3) If the Local Court orders a change to be made to a by-law, the body corporate must lodge a subsequent scheme statement reflecting the change as specified in the order.

Fault element: Strict liability offence.

Maximum penalty: 100 penalty units.

- (4) An *interposed person* between 2 persons is someone who has a relationship mentioned in subsection (2)(b) with each of the 2 persons.

88 Original owner's obligations

 - (b) the benefit is a fair market value for the arrangement.

- (3) A person may recover from the body corporate an amount equal to the value of a benefit given by the person to the body corporate and accepted by it in contravention of subsection (1).

90 Letting agent's obligations

A letting agent must not conduct the letting agent's business in a unit unless the letting agent is the unit owner or a lessee of the unit.

91 Combined arrangement

This Act does not prevent an arrangement providing for both of the following for 1 or more schemes:

- (a) the engagement of a person as a body corporate manager, service contractor or caretaking service contractor;
- (b) the authorisation of a person as a letting agent.

92 Codes of conduct for body corporate manager and caretaking service contractor

- (1) The code of conduct in Schedule 1, Part 3 applies as a term of the authorisation of a person as a letting agent.
- (2) The code of conduct prevails to the extent to which it is inconsistent with another term of the authorisation.

Part 3.5 Other rules governing scheme administration

Division 1 Management modules

94 Management module of a scheme

- (1) The regulations may prescribe management modules for different schemes.
- (2) A management module may provide for any of the following:
 - (a) a matter concerning the administration of a scheme;

- (b) a matter for which a management module may make provision under this Act.
- (3) Without limiting subsection (2)(a), the management module may provide for the following:

- (6) This Act does not require the member schemes of a layered scheme to have the same management module.

Division 2 By-laws

95 By-laws of a scheme

- (1) Subject to any by-law specified in the scheme statement of a scheme, Schedule 2 has effect as the by-laws of the scheme.

Note for subsection (1)

This means Schedule 2 serves as the by-laws of a scheme whose scheme statement does not specify any by-laws. It also means the scheme statement may vary a provision of Schedule 2 and set out additional by-laws.

- (2) The scheme statement may specify a by-law in relation to:
- (a) the obligations and rights of the body corporate, unit owners and unit occupiers relating to the use or control of 1 or more of the following:
 - (i) the scheme land;
 - (ii) the body corporate assets;
 - (iii) services and amenities provided by the body corporate; and
 - (b) a matter for which a by-law may make provision under this Act.
- (3) A by-law is invalid to the extent to which it:
- (a) is inconsistent with this Act or another law in force in the Territory; or
 - (b) unlawfully restricts the use of a unit; or
 - (c) unlawfully prevents or restricts a transaction relating to a unit; or
 - (d) unlawfully discriminates against a unit owner or unit occupier.
- (4) This Act does not require the member schemes of a layered scheme to have the same by-laws.

96 Contravention notice

- (1) The body corporate of a scheme that reasonably believes a person who is a unit owner or unit occupier is contravening or has contravened a by-law may, by written notice given to the person, require the person:
- (a) to stop, or not to repeat, the contravention; and

- (b) to remedy the contravention as specified in the notice.
- (2) The person must comply with the notice.
- Fault element: Strict liability offence.
- Maximum penalty: 20 penalty units.
- (3) It is a defence to a prosecution for an offence against subsection (2) if the defendant establishes a reasonable excuse.

97 Exclusive use by-laws

- (1) An *exclusive use by-law* is a by-law:
- (a) that directly allocates special rights about specified common property or body corporate assets (other than utility infrastructure) to a specified unit; or
- (b) that provides for the allocation of the special rights to a unit to be decided by 1 or more specified persons (including, for example, the body corporate of a subsidiary scheme).
- (2) A subsequent scheme statement may include or omit an exclusive use by-law only if:
- (a) the body corporate agrees to the inclusion or omission by a unanimous resolution; or
- (b) if the by-law directly allocated special rights to a unit when the unit owner or unit occupier was the body corporate manager, a service contractor or a letting agent:
- (i) the unit owner agrees to the inclusion or omission; or
- (ii) the Local Court makes an order requiring the registration of the subsequent scheme statement under section 98.
- (3) The body corporate must lodge the subsequent scheme statement:
- (a) within 1 month after the agreement mentioned in subsection (2)(a) or (b)(i) is made; or
- (b) within the time specified in the order mentioned in subsection (2)(b)(ii).

Fault element: Strict liability offence.

Maximum penalty: 100 penalty units.

- (4) Despite subsection (2), during the original owner control period, a subsequent scheme statement must not:
 - (a) omit an exclusive use by-law that is included in the first scheme statement (the *original exclusive use by-law*); or
 - (b) include another exclusive use by-law that changes the effect of the original exclusive use by-law.
- (5) An allocation of special rights under an exclusive use by-law ceases to have effect if:
 - (a) a subsequent scheme statement omitting the by-law is registered; or
 - (b) for an allocation under subsection (1)(b) – the allocation is revoked under the by-law.
- (6) The management module may provide for the exercise of the special rights under the allocation (including, for example, the obligations of a person exercising the rights).
- (7) This section does not prevent a further allocation under subsection (1) of special rights that have been allocated to a unit that is the scheme land of a subsidiary scheme.

Example for subsection (7)

An exclusive use by-law of a layered scheme allocates the use of car parks to a unit that is the scheme land of a subsidiary scheme. The body corporate of the subsidiary scheme may make an exclusive use by-law allocating specific car parks to units of the subsidiary scheme.

98 Review of exclusive use by-laws

- (1) This section applies if:
 - (a) an exclusive use by-law directly allocated special rights to a unit when the unit owner or unit occupier was the body corporate manager, a service contractor or a letting agent; and
 - (b) the unit owner or unit occupier is no longer the body corporate manager, service contractor or letting agent; and
 - (c) the unit owner refuses to agree to the registration of a subsequent scheme statement to omit the by-law.
- (2) The body corporate may apply to the Local Court for an order for the registration of a subsequent scheme statement omitting the by-law.

- (3) The Local Court may approve the application and make any order it considers appropriate (including, for example, an order about costs or an order for the payment of compensation to the unit owner or occupier).
- (4) If the Local Court makes an order for the registration of a subsequent scheme statement, the body corporate must lodge the statement within the time specified in the order.

Fault element: Strict liability offence.

Maximum penalty: 100 penalty units.
