 - (a) a person (the **offender**) has been found guilty of an offence against the *Traffic Act*; and
 - (b) because of the finding of guilt the offender incurs a licence disqualification under the *Traffic Act*; and
 - (c) all of the offender's unexpired licence disqualifications total less than 5 years; and
 - (d) a community order was made for the offender for the offence (regardless of whether the order was also made for another offence); and
 - (e) the community order requires the offender to undertake a driving program.
- (2) This Part applies despite a provision of the *Traffic Act* that provides for:
 - (a) the cancellation or suspension of the offender's licence; or

Part 2A	Special provisions for licence disqualifications for offenders under community orders
Division 2	Provision for orders for licence while community order in force

- (b) a licence disqualification applying to the offender.

Note for subsection (2)

If a person is found guilty of an offence against Part V, Division 2 of the Traffic Act, the person's licence to drive is automatically cancelled and the person is disqualified from obtaining a licence for certain periods. Also, under section 41 of that Act, a court may disqualify a person from holding another licence for a period fixed by it.

Division 2 Provision for orders for licence while community order in force

25L Application for court order for licence

- (1) To permit the offender to undertake practical training as part of the driving program under the community order, the offender may apply for a court order that the Registrar:
 - (a) if the offender held, in the Territory or elsewhere, a licence to drive a motor vehicle when the offender's licence disqualification mentioned in section 25K(1)(b) took effect (a **previously licensed offender**) – grant the offender a licence to drive a motor vehicle of a stated class while the community order is in force; or
 - (b) if the offender did not hold, in the Territory or elsewhere, a licence to drive a motor vehicle when the offender's licence disqualification mentioned in section 25K(1)(b) took effect (an **unlicensed offender**) – accept and deal with an application by the offender for a learner licence to drive a motor vehicle of a stated class while the community order is in force.
- (2) However, the application cannot be made for a licence to drive a commercial passenger vehicle or motor cycle.
- (3) The application must be made to the court that made the community order for the offender.
- (4) The clerk or Registrar of the court must immediately give written notice of the application to the Commissioner of Correctional Services.

25M Decision on application

The court may make the order sought only if satisfied it is appropriate in the circumstances to make the order for the offender.

Note for section 25M

For provisions about the revocation of the order and the effects of its revocation, see sections 39N, 48L and 48M of the Sentencing Act.

25N Effect of order – previously licensed offender

- (1) This section applies if:
 - (a) the offender is a previously licensed offender; and
 - (b) the court makes the order sought on the offender's application.
- (2) The Registrar must grant the offender a licence to drive a motor vehicle of the class stated in the order.
- (3) The licence is in force for the period the community order is in force.
- (4) The licence is subject to the condition that the offender may drive a motor vehicle of the stated class only while under the direct supervision of a licensed driver for the class of motor vehicle:
 - (a) for undertaking practical driver training as part of the driving program under the community order; and
 - (b) after successfully completing the driving program, for undertaking further practical driver training during the remaining period the licence is in force.

25P Effect of order – unlicensed offender

- (1) This section applies if:
 - (a) the offender is an unlicensed offender; and
 - (b) the court makes the order sought on the offender's application.
- (2) The Registrar must:
 - (a) accept an application from the offender for a learner licence to drive a motor vehicle of the class stated in the order; and

Part 2A	Special provisions for licence disqualifications for offenders under community orders
Division 3	Provision for orders for licence application after community order discharged

(b) deal with the application under this Act.

Note for subsection (2)(b)

In particular, sections 9, 102 and 102AA are relevant to the Registrar's dealing with the application and to the grant of a licence.

- (3) If the Registrar grants a learner licence to the offender, the licence is in force for the period the community order is in force.
- (4) Subsection (3) applies despite section 9(2).
- (5) The learner licence is subject to the condition that the offender may drive a motor vehicle of the stated class only while under the direct supervision of a licensed driver for the class of motor vehicle:
 - (a) for undertaking practical driver training as part of the driving program under the community order; and
 - (b) after successfully completing the driving program, for undertaking further practical driver training during the remaining period the learner licence is in force.

Division 3 Provision for orders for licence application after community order discharged

25Q Application for court order for licence

- (1) To permit the offender to obtain a licence to drive a motor vehicle on the discharge of the community order, the offender may apply for a court order that the Registrar accept and deal with an application by the offender for a licence to drive a motor vehicle of a stated class.
- (2) The application must be made to the court that made the community order for the offender.
- (3) The clerk or Registrar of the court must immediately give written notice of the application to the Commissioner of Correctional Services.

25R Decision on application

- (1) The court may make the order sought only if:
 - (a) satisfied it is appropriate in the circumstances to make the order for the offender; and
 - (b) a certificate of discharge has been given under section 39R or 48Q of the *Sentencing Act* for the community order; and

Part 2A	Special provisions for licence disqualifications for offenders under community orders
Division 3	Provision for orders for licence application after community order discharged

- (c) a statement has been given to the court by the provider of the driving program undertaken by the offender that the offender successfully completed the program.
- (2) Without limiting subsection (1)(a), the court must have regard to the following:
- (a) the type and seriousness of the offence for which the offender is disqualified from obtaining a licence;
 - (b) the safety of the community, including matters relating to the offender's rehabilitation;
 - (c) the offender's need for a licence to drive a motor vehicle of the class stated in the application:
 - (i) in the course of the offender's employment; or
 - (ii) to get to the offender's place of employment;
 - (d) the offender's employment prospects if the offender has a licence to drive a motor vehicle of the class stated in the application.
- (3) However, if under Part V of the *Traffic Act*, the offender is disqualified from obtaining a licence other than an AIL licence, the court may make the order only in relation to an application for an AIL licence.

Note for subsection (3)

Section 10(4A) to (4D) deals with an application for an AIL licence.

- (4) In addition, if the offender is an unlicensed offender, the court may make the order only in relation to an application for a learner licence.
- (5) Also, the court must refuse to make the order if, under section 102AA, the Registrar would be required to refuse to grant an application by the offender for the licence.

Note for section 25R

For provisions about the revocation of the order and the effects of its revocation, see sections 39N, 48L and 48M of the Sentencing Act.

25S Effect of order

- (1) If the court makes the order sought:
- (a) subject to subsection (2), all licence disqualifications applying to the offender cease to have effect; and
 - (b) demerit points entered in the register against the offender's name for offences committed in the Territory cease to be active demerit points for Part 3; and
 - (c) the Registrar must:
 - (i) subject to section 25T, accept an application from the offender for a licence to drive a motor vehicle of the class stated in the order; and
 - (ii) subject to subsections (3) to (5), deal with the application under this Act.

Note for subsection (1)(b)

If the order is revoked under section 39N(4), 48L(3) or 48M(4) of the Sentencing Act, the demerit points again become active demerit points under section 39N(5)(c)(ii), 48L(4)(c)(ii) or 48M(5)(c)(ii) of that Act.

Note for subsection (1)(c)(ii)

In particular, sections 10, 102 and 102AA are relevant to the Registrar's dealing with the application and to the grant of a licence.

- (2) A licence disqualification applying to the offender does not cease to have effect to the extent it disqualifies the offender from holding a licence, or applying for a licence or renewal of a licence, other than an AIL licence.
- (3) If the offender held a learner licence granted on an application mentioned in section 25P(2), the offender is, for section 9(4), taken to understand the laws in force relating to the regulation of road traffic.
- (4) Subsection (5) applies if:
- (a) the offender held a learner licence granted on an application mentioned in section 25P(2) (the **former licence**); and
 - (b) the Registrar is satisfied that, after successfully completing the driving program under the community order, the offender undertook further practical driver training during the remaining period the learner licence was in force; and

- (c) the Registrar grants a learner licence on an application made under this section (the ***new licence***); and
 - (d) the former licence and new licence have effect for a continuous period.
- (5) The period the former licence had effect must be taken into account for working out the continuous period mentioned in section 10(1A).

25T Undertaking to be of good driving behaviour

- (1) If the licence disqualification mentioned in section 25K(1)(b) applies to the offender because of a demerit points offence under Part 3, the offender must lodge with the offender's application for a licence an undertaking to be of good driving behaviour for 1 year (the ***good driving period***).
- (2) The undertaking must be in the approved form.
- (3) If the Registrar grants a licence on the application, the good driving period starts on the day the licence starts.
- (4) If the offender incurs 2 or more demerit points during the good driving period, the Registrar must serve on the offender a suspension notice specifying a suspension period that is double the period specified in the suspension notice for the offence mentioned in subsection (1).

Part III Demerit points scheme

Division 1 Preliminary matters

26 Definitions

In this Part:

another jurisdiction means a State or another Territory of the Commonwealth.

demerit points means:

- (a) the points incurred under this Part by a person who commits a demerit points offence; or
- (b) the points incurred under a law of another jurisdiction by a person who commits a traffic offence in the other jurisdiction.

demerit points offence means:

- (a) an offence specified in Schedule 1 to the *Traffic Regulations* for which demerit points are prescribed; or
- (b) a traffic offence committed in another jurisdiction, that attracts demerit points under the law of that jurisdiction.

Fines Recovery Unit has the meaning in the *Fines and Penalties (Recovery) Act*.

good driving period means the period (which may be discontinuous) for which an undertaking to be of good driving behaviour is effective.

licence means:

- (a) a licence or permit to drive a motor vehicle (including a learner licence); and
- (b) for a visiting driver – the right to drive in the Territory.

licensing authority, of another jurisdiction, means the Agency or office of the other jurisdiction responsible for administration of the scheme for licensing of drivers in that jurisdiction.

suspension includes disqualification from holding or obtaining a licence.

suspension notice means a notice under section 33C.

suspension period means the period (which may be discontinuous) for which the suspension is effective.

suspension threshold means the point at which a person becomes liable to suspension because of demerit points incurred by the person.

traffic offence means an offence under an Act of the Territory or another jurisdiction that regulates road use or use of road-related areas.

visiting driver means a person who is not a resident of the Territory but who is entitled to drive in the Territory under section 32 of the *Traffic Act*.

27 Minister may give directions

- (1) The Minister may give directions to the Registrar in relation to the general administration of the demerit points scheme under this Part.
- (2) Subsection (1) does not authorise the giving, or following, of directions that relate to the impact of the scheme on a particular person.

Example

If a traffic infringement detection device is found to be defective, the Minister might direct the Registrar to delete from the register all demerit points incurred for offences detected by the device for the period the device was faulty. Even if only one person's records in the register were affected, such a direction would not offend subsection (2) because of the direction's general nature.

28 Active demerit points

- (1) For this Part, demerit points are **active demerit points** if they are capable of being taken into account as the basis of a suspension notice.
- (2) Demerit points cease to be active if:
 - (a) they are taken into account as the basis of a suspension notice; or
 - (b) the demerit points, together with any further points incurred in the ensuing 12 month period, or 3 year period (as the case may be), do not result in the suspension threshold being reached.

Notes for subsection (2)

- 1 *Because substantial delay is possible between the date points are incurred and the date they are entered in the register, some points can remain active for more than 3 years.*
 - 2 *Demerit points also cease to be active under section 25S(1)(b).*
- (3) This section has effect subject to sections 39N(5)(c)(ii), 48L(4)(c)(ii) and 48M(5)(c)(ii) of the *Sentencing Act*.

Division 2 Incurring demerit points

29 Demerit points only to natural persons

Demerit points can only be incurred by natural persons.

30 When demerit points are incurred

- (1) Demerit points for a demerit points offence are incurred by the offender on the day the offence is committed.
- (2) Demerit points are to be recorded in the register as incurred on the date the demerit points offence was committed.
- (3) This section applies although the demerit points are not recorded in the register until a later time.

Division 3 Demerit points register

31 Demerit points register

- (1) The Registrar must maintain a register of demerit points.
- (2) The register is to be a record of:
 - (a) demerit points incurred for demerit points offences committed in the Territory; and
 - (b) certain demerit points incurred by residents of the Territory for demerit points offences committed in other jurisdictions.

Note

Section 33 deals with which demerit points incurred in another jurisdiction will be recorded in the register.

32 Demerit points for offence committed in the Territory

- (1) The Registrar must enter in the register, against the name of a person, the relevant number of demerit points for a demerit points offence committed in the Territory if:
 - (a) the person is found guilty of the offence and:
 - (i) the time for lodging an appeal has passed and no appeal has been lodged; or
 - (ii) an appeal has been lodged and the appeal has been determined, withdrawn or discontinued; or
 - (b) the person is served with an infringement notice for the offence and:
 - (i) the infringement notice penalty is paid in full or in part; or

- (ii) the Fines Recovery Unit enters into a scheme with the person allowing further time to pay, or payment by instalments; or
 - (iii) the period for payment of the infringement notice penalty expires without the person electing to have the matter heard by a court.
- (2) The relevant number of demerit points for a demerit points offence is the number prescribed by regulation for the offence plus any additional points imposed for the offence under a Ministerial declaration.

33 Demerit points incurred in another jurisdiction

- (1) If:
 - (a) the Registrar is advised by the licensing authority of another jurisdiction that demerit points have been incurred in that jurisdiction by a person who is a resident of the Territory; and
 - (b) the offence for which the demerit points were incurred corresponds to a demerit points offence under Territory law;the Registrar must record against the name of the person in the Territory register the number of demerit points incurred in the other jurisdiction for the offence.
- (2) The demerit points recorded under subsection (1)(b) must not include points incurred before the commencement of this Part.

33A Recording demerit points from other jurisdiction for person taking up residence in Territory

- (1) If a person applies for a Territory licence after a period of residence in another jurisdiction, the Registrar must:
 - (a) enquire of the licensing authority of the other jurisdiction about active demerit points recorded against the person in that jurisdiction; and
 - (b) record those demerit points against the person in the register for the dates on which the points were incurred.
- (2) The demerit points recorded under subsection (1)(b) must not include:
 - (a) points incurred before the commencement of this Part; or

- (b) points for an offence where the register already contains a record of the same offence.

Note

Demerit points brought across from a previous jurisdiction under this section may include points for offences not recognised as demerit points offences in the Territory.

Division 4 When demerit points reach suspension threshold

33B When is suspension threshold reached?

- (1) A person reaches the suspension threshold if the person incurs 12 or more demerit points within a period of 3 years or less.
- (2) A person also reaches the suspension threshold if:
- (a) the person is:
- (i) the holder of a learner licence or a licence that is provisional; or
- (ii) subject to subsection (3), a visiting driver; and
- (b) the person incurs 5 or more demerit points within a period of 12 months or less.
- (3) Subsection (2) does not apply to a visiting driver who holds a licence or permit from another jurisdiction unless the licence or permit is equivalent to a licence mentioned in subsection (2)(a)(i).

Note

Whenever demerit points are entered against a person's name in the Register, a computer check will be carried out to determine whether the aggregate active demerit points incurred by the person over any relevant period result in the suspension threshold being reached.

Division 5 Consequences of reaching suspension threshold

33C Suspension notice issued when suspension threshold reached

- (1) If it appears from the register that a person has reached the suspension threshold, the Registrar must serve a suspension notice on the person.
- (2) The notice must include the following:
- (a) the date of the notice;

- (b) the date on which the suspension is to take effect (the **effective date**);
 - (c) details of the person's licence (if any);
 - (d) particulars of the relevant offences, including the date of each offence and the demerit points incurred in respect of each offence;
 - (e) the period for which:
 - (i) the licence is suspended; or
 - (ii) for a visiting driver – the right to drive in the Territory is suspended; or
 - (iii) if the person is unlicensed – the person is disqualified from obtaining a licence;
 - (f) details of the person's right to elect for the effective date to be brought forward;
 - (g) details of the person's right (if eligible) to undertake to be of good driving behaviour and the consequences of exercising or failing to exercise that right;
 - (h) further information as prescribed.
- (3) Subject to section 33F, the effective date is 28 days after the date of the notice.
- (4) The notice may be served personally or by post.
- (5) Postal service may be effected by sending the notice by ordinary post to the postal address (including a Post Office Box) last notified to the Registrar, the Northern Territory Police Force or the Fines Recovery Unit by the person.

33D Effect of suspension

- (1) The suspension notice has the following effect:
- (a) if the person is the holder of a Territory licence – the licence is suspended and the person is disqualified from obtaining another licence;
 - (b) if the person is a visiting driver – the person's right to drive in the Territory is suspended;
 - (c) if the person is not licensed – the person is disqualified from obtaining a licence.

- (2) If the person holds a Territory licence and the licence expires during the suspension period, the Registrar must not renew the licence until the suspension period (and any other period of suspension or disqualification) expires.

33E Suspension period

- (1) When a suspension notice is issued, demerit points must be taken into account for the notice if:
- (a) they were incurred within the relevant period; and
 - (b) they were recorded in the register as active points on the date of issue of the notice.
- (2) For a suspension threshold of 5 demerit points within a period of 12 months or less, the suspension period is fixed as follows:
- (a) if 5 to 8 points have been taken into account for the notice of suspension – 3 months;
 - (b) if 9 to 12 points have been taken into account for the notice of suspension – 4 months;
 - (c) if more than 12 points have been taken into account for the notice of suspension – 5 months.
- (3) For a suspension threshold of 12 demerit points within a period of 3 years or less, the suspension period is fixed as follows:
- (a) if 12 to 15 points have been taken into account for the notice of suspension – 3 months;
 - (b) if 16 to 19 points have been taken into account for the notice of suspension – 4 months;
 - (c) if more than 19 points have been taken into account for the notice of suspension – 5 months.

33F Early start to suspension period

- (1) A person subject to a suspension notice may elect to begin the suspension period earlier than the effective date in the notice.
- (2) To make the election, the person must:
- (a) complete the approved form for making the election; and
 - (b) lodge the election form, in person, at any office of the Registrar within 21 days after the date of the notice.

(3) The effective date for the beginning of the suspension period becomes the day after the election form is lodged.

(4) In this section:

office of the Registrar includes a police station that functions as an office of the Registrar.

Division 6 Undertaking to be of good driving behaviour

33G Undertaking to be of good driving behaviour

(1) A person subject to a suspension notice may (if eligible) undertake, as an alternative to undergoing the suspension notified in the notice, to be of good driving behaviour for 12 months.

Note

Section 33H deals with a person's eligibility to undertake to be of good driving behaviour.

(2) To undertake to be of good driving behaviour, the person must:

(a) complete the approved form for giving the undertaking; and

(b) lodge the undertaking, in person, at any office of the Registrar within 21 days after the date of the notice.

(3) The effective date for the beginning of the good driving period becomes the day after the undertaking is lodged.

(4) The good driving period ceases to run (or does not begin to run, as the case may be) during a period of licence suspension or disqualification under another law, and whatever period of good driving behaviour has not been served begins to run immediately the period of suspension or disqualification ends.

(5) In this section:

office of the Registrar includes a police station that functions as an office of the Registrar.

33H Eligibility to undertake good driving behaviour

(1) A person subject to a suspension notice is eligible to undertake to be of good driving behaviour if:

(a) the person is the holder of a Territory licence; or

(b) the person becomes the holder of such a licence before the period of disqualification to obtain a licence commences.

- (2) However, a person is not eligible to undertake to be of good driving behaviour if the suspension notice is issued under section 33L because the person has breached a previous undertaking to be of good driving behaviour.

33J Person may apply for extension of time for undertaking

- (1) A person may apply to the Registrar for an extension of time to undertake to be of good driving behaviour.
- (2) If the Registrar is satisfied:
- (a) the person has not received the suspension notice in sufficient time to give the undertaking (for a reason other than wilful avoidance); or
 - (b) the circumstances are exceptional and warrant extending the time for the person to give the undertaking;

the Registrar may allow additional time (and may, if necessary, defer the date of commencement of the suspension period) for the person to give the undertaking.

- (3) A person can make only one application under subsection (1), but nothing prevents the Registrar, on the Registrar's own initiative, granting a further extension if satisfied the circumstances warrant it.

33K Person may apply to give undertaking by other means

- (1) The Registrar may, on application by a person, dispense with the requirement that the applicant attend in person at an office of the Registrar to give an undertaking to be of good driving behaviour.
- (2) The Registrar will only give the dispensation if satisfied:
- (a) as to the identity of the applicant; and
 - (b) that in the circumstances it would be unduly onerous to require personal attendance.

33L Breach of undertaking

- (1) This section applies if a person:
- (a) undertakes to be of good driving behaviour; and
 - (b) incurs 2 or more demerit points during the good driving period.

- (2) The Registrar must serve on the person a further suspension notice specifying a suspension period that is double the period that was specified in the earlier notice of suspension that gave rise to the undertaking.

Division 7 Administrative matters

33M Advising other jurisdiction of offences committed in Territory

- (1) If a resident of another jurisdiction commits a demerit points offence in the Territory, the Registrar must advise the licensing authority of the other jurisdiction of the details of the offence and the number of demerit points prescribed for the offence.
- (2) The Registrar may also advise the licensing authority of another jurisdiction of the details of a traffic offence committed by a resident of the other jurisdiction, although the offence is not a demerit points offence in the Territory.

33N When Registrar advises other jurisdiction

The details are not to be advised to the licensing authority of the other jurisdiction until:

- (a) the person is found guilty of the offence and:
- (i) the time for lodging an appeal has passed and no appeal has been lodged; or
 - (ii) an appeal has been lodged and the appeal has been determined, withdrawn or discontinued; or
- (b) the person is served with an infringement notice for the offence and:
- (i) the infringement notice penalty is paid in full or in part; or
 - (ii) the Fines Recovery Unit enters into a scheme with the person allowing further time to pay, or payment by instalments; or
 - (iii) the period for payment of the infringement notice penalty expires without the person electing to have the matter heard by a court.

33P Registrar to provide details of active demerit points

- (1) This section applies if the Registrar is advised by the licensing authority of another jurisdiction that a person who holds a Territory licence has applied for a licence in the other jurisdiction.

- (2) The Registrar must provide the licensing authority with details from the register of the person's active demerit points.
- (3) The Registrar must also advise the licensing authority of the details of any demerit points suspension period or good driving period applicable to the person.

33Q Demerit points no longer active once taken into account for notice of suspension or breach of undertaking

- (1) Subject to subsection (4), demerit points for a particular offence can be taken into account only once as the basis of a suspension notice.
- (2) Subsection (1) applies whether the suspension notice is issued because:
 - (a) the person's active demerit points have reached a suspension threshold: or
 - (b) the person has breached an undertaking to be of good driving behaviour.
- (3) Subsection (1) also applies whether the suspension notice is issued under this Act or under the law of another jurisdiction.
- (4) However, if the suspension notice is withdrawn, the points may again be taken into account as the basis of a later suspension notice.

33R Demerit points incurred but not taken into account for notice of suspension

Demerit points that had not been entered in the register before the date of a suspension notice are not affected by the notice (although they may have been incurred before the date of the notice) and can be taken into account as the basis of a later suspension notice.

33S Demerit points deleted from register

- (1) The Registrar must, if satisfied the entry of demerit points in the Register was made in error, delete the demerit points from the register.
- (2) The Registrar may make any further consequential adjustments to the register to ensure the records are correct.

- (3) If:
- (a) active demerit points are recorded in the register in relation to an offence; and
 - (b) the Fines Recovery Unit annuls an enforcement order that relates to a penalty for the offence;

the Registrar must delete the demerit points but must re-instate the points if the offence is referred to the Court of Summary Jurisdiction and the court finds the offence proved.

- (4) If:
- (a) active demerit points are recorded in the register for an offence; and
 - (b) a court grants leave to appeal out of time against a finding of guilt in relation to the offence;

the Registrar must delete the demerit points but must re-instate the points if the appeal is unsuccessful.

33T Withdrawal of suspension notice

- (1) The Registrar must withdraw a suspension notice if it later appears that the notice:
- (a) was issued in error; or
 - (b) would not have issued, or would have specified a shorter suspension period but for taking into account demerit points since deleted.
- (2) A notice of withdrawal may be served in the same manner as a notice of suspension.
- (3) The withdrawal of a suspension notice does not prevent the issue of a fresh notice:
- (a) specifying an amended suspension period (taking into account any period of suspension that had already run under the original notice); or
 - (b) taking into account demerit points that had been deleted but which were later re-instated.

33U Releasing information from register

- (1) The Registrar may, for statistical purposes, retain in the register records of demerit points that are no longer active.

- (2) However, information and details of demerit points must not be published, except as aggregated data for statistical purposes where the information does not permit any particular person to be identified.
- (3) The Registrar may make available to a person the information in the register relating to the person's active demerit points.

Division 8 Other matters

33V Appeal against decision of Registrar

- (1) An appeal against a decision of the Registrar under this Part may be made to the Local Court.
- (2) The court may uphold, vary or quash the Registrar's decision and may substitute its own decision for that of the Registrar.
- (3) However, a suspension under this Part occurs by force of this Part and cannot be appealed or reviewed in any court.
- (4) If a person lodges an appeal against a refusal by the Registrar to allow additional time for the person to give an undertaking to be of good driving behaviour, the suspension does not take effect until the court rejects the appeal or the appeal is withdrawn or discontinued.

33W Court not take demerit points into account

When sentencing a person for a traffic offence, a court must not take into account that demerit points may be incurred by the person in relation to the offence.

33X Demerit points not affected by licence suspension under another law

- (1) A suspension period under this Part is in addition to any period of licence suspension or disqualification otherwise imposed under a law in force in the Territory.
- (2) Demerit points recorded in the register against a person are not affected by a period of licence suspension or disqualification imposed by a court in Australia or any other Territory law.

- (3) If multiple periods of suspension or disqualification apply in relation to a person under different laws, the order in which the periods run is as follows:
- (a) first – suspension or disqualification by a court or under another law (except fine default within the meaning of the *Fines and Penalties (Recovery) Act*);
 - (b) secondly – demerit points suspension under this Part, concurrently with any fine default suspension under the *Fines and Penalties (Recovery) Act*.
- (4) Demerit points suspension under this Part ceases to run (or does not begin to run, as the case may be) during a period of licence suspension or disqualification under another law, and whatever portion of the demerit points suspension has not been served begins to run immediately the other period of suspension or disqualification ends.

33Y Immunity from liability

A person is not civilly or criminally liable for an act done or omitted to be done by the person in good faith in the exercise or purported exercise of a power, or the performance or purported performance of a function, under this Part.

33Z Offence by body corporate

- (1) A body corporate that facilitates the avoidance of demerit points by natural persons commits an offence.
- Maximum penalty: 20 penalty units.
- (2) A body corporate facilitates the avoidance of demerit points by natural persons if the body fails, more than twice in a 3 year period, to identify the driver of a vehicle, under the control of the body corporate, involved in the commission of a demerit points offence detected by a traffic infringement detection device.
- (3) It is a defence to a prosecution for an offence against subsection (1) if the body corporate establishes that:
- (a) it had taken all reasonable steps to ensure it would be in a position to identify the driver of a vehicle under its control should a demerit points offence be committed; and
 - (b) it failed to identify the driver in the relevant instance because of exceptional circumstances.

Part IV Traders' plates

34 Licensing of motor vehicle traders

- (1) The Registrar may grant a licence (in this Act referred to as a ***motor vehicle trader's licence***) to any person bona fide engaged in manufacturing, dealing in or repairing motor vehicles, or in such other related pursuit as is approved by the Registrar, and having suitable premises for that person to use one or more number plates (in this Act referred to as ***trader's plates***) in the circumstances specified in section 35, and may renew that licence from time to time.

- (2) Upon application by the person to whom the business has been sold or disposed of and upon payment by him of the prescribed fee, the Registrar may transfer the licence in respect of the business to that person for the unexpired period of the licence.
- (3) If the Registrar approves of the transfer, he shall sign the licence in the space set apart therefor for his signature and return the licence and the trader's plates to the person to whom the business has been sold or disposed of and such person shall then be deemed to be the licensee for the purposes of this Act.

39 Revocation or suspension of right to use trader's plates

The Court before which any trader is found guilty for a breach of any of the conditions relative to the use of a trader's plate may, in addition to imposing a penalty, revoke or suspend, for such period as the Court thinks fit, the motor vehicle trader's licence of that person.

40 Return of trader's plates to the Registrar

Where the Registrar is satisfied that a trader has ceased, by reason of the sale or disposal of his business or otherwise, to be entitled to be licensed, the Registrar may request that person to return to the Registrar any trader's plates issued to him and that person shall comply with the request forthwith.
