## **Part 5 Awards of financial assistance**

### **18 Award for multiple compensable injuries**

- (1) If an eligible victim has suffered more than 1 injury as a result of the same violent act, the standard amount that may be awarded for all the injuries is the total of the following amounts:
  - (a) the standard amount for the victim's most serious injury;
  - (b) 30% of the standard amount for the victim's second most serious injury;
  - (c) if there are more than 2 injuries – 15% of the standard amount for the victim's third most serious injury.
- (2) For subregulation (1):
  - (a) the victim's most serious injury is the injury, or 1 of the injuries, for which is prescribed the highest standard amount out of all the victim's injuries (the **first amount**); and
  - (b) the victim's second most serious injury is:
    - (i) if there is another injury for which the first amount is prescribed – that injury; or
    - (ii) the injury, or 1 of the injuries, for which is prescribed the second highest standard amount out of all the victim's injuries (the **second amount**); and
  - (c) the victim's third most serious injury is:

- (3) No financial assistance may be awarded for another injury suffered by the victim as a result of the same violent act.
- (4) This regulation does not apply in relation to financial assistance awarded for domestic violence injuries.

## **19 Reduction of standard amount because of existing condition**

If a violent act results in a compensable injury because of the aggravation, acceleration, exacerbation or deterioration of an existing condition, the standard amount that may be awarded for the injury must be reduced by the proportionate amount the assessor considers is attributable to the existing condition.

## **20 Assessment of financial assistance in certain circumstances**

- (1) In deciding the extent of an injury, the assessor must disregard the extent to which the injury, or effect of the injury, may be reduced or limited by an external removable aid or appliance.
- (2) If the victim has only 1 leg, arm, eye or other body part, an injury to the remaining body part is taken to be an injury to both of the body parts.

## **21 Burns and scarring**

- (1) An award for burns or scarring is subject to a reasonable inspection of the injury as required by the assessor.
- (2) The assessor must not award financial assistance for scarring unless the scarring is permanent.
- (3) The assessor must not award financial assistance for both burns to a part of the body and scarring of that part of the body caused by burns.

## **22 Domestic violence injuries**

- (1) Instead of applying for an award for domestic violence injuries, a victim may apply for an award for each compensable injury (***separate domestic injuries***) suffered as a direct result of the violent act.

- (2) The assessor must not award financial assistance to an eligible victim for separate domestic injuries if:
  - (a) the victim has applied for an award for the domestic violence injuries and the separate domestic injuries occurred before the victim made the application; and
  - (b) the same offender is responsible for the domestic violence injuries and the separate domestic injuries.
- (3) Subregulation (2) does not prevent the assessor from taking the separate domestic injuries into account in making an award for the domestic violence injuries.

### **23 Calculation of loss of earnings**

- (1) This regulation applies if:
  - (a) a primary victim of a violent act applies for financial assistance for loss of earnings mentioned in section 10(5)(a) of the Act; or
  - (b) a secondary victim of a violent act applies for financial assistance for loss of earnings mentioned in section 12(6)(a) of the Act.
- (2) The amount of financial assistance to which the applicant is entitled for each week during the period when the loss of earnings is suffered (the **relevant period**) is calculated as the lesser of the following amounts:
  - (a) 75% of the difference between average weekly earnings at the date of the violent act and the applicant's net weekly earnings during the relevant period;
  - (b) 75% of the difference between the applicant's net weekly earnings at the date of the violent act and the applicant's net weekly earnings during the relevant period.
- (3) In this regulation:

**average weekly earnings** means the Average Weekly Earnings for Full Time Adult Persons, Weekly Ordinary Time Earnings for the Northern Territory last published by the Australian Statistician before the date on which the applicants weekly actual loss of earnings is calculated, less a notional deduction for income tax.
