 - (b) for all other betting service providers – be not less than 1.5% and not more than 3% of the total amount of bets on the backer's side received by the betting service provider for the specified event.

is realised under that first-mentioned section, the proceeds from that realisation shall, where those proceeds are:

- (d) insufficient to pay all the winning bets – be divided on a pro rata basis amongst the persons who made those winning bets so that each such person receives in respect of his winning bet the same amount in each dollar of his winning bet as any other such person also receives in respect of each dollar of the other person's winning bet.
