8 Application of Part

This Part applies to the termination, by a resolution of the required percentage of the owners of the units in a development:

- (b) in which there are at least 10 units.

9 Application for approval certificate

- (1) If there is no unanimous resolution to terminate a development, the proponent of the termination of the development must make a written application to the schemes supervisor for an approval certificate, accompanied by the fee prescribed by regulation and a draft notice of proposed termination.
- (2) A ***draft notice of proposed termination*** must contain the following information:
 - (a) the name and contact details of the proponent;
 - (b) an explanation of the process required under this Part for the termination of the development that:
 - (i) if the schemes supervisor has published a form of explanation – is in that form; and

- (a) if satisfied that the draft notice is sufficient to permit the owners of the units in the development to make an informed decision on the proposed termination – issue an approval certificate to the proponent;
 - (b) if not satisfied that enough information has been provided for the schemes supervisor to decide whether or not to issue an approval certificate – serve on the proponent a request that:
 - (i) describes the type of information sought; and
 - (ii) fixes a date before which the proponent must provide the information;
 - (c) if not satisfied that the draft notice is sufficient as described in paragraph (a) – do one of the following:

 - (A) describes those matters; and
 - (B) fixes a date before which the proponent must address those matters;
 - (ii) otherwise – reject the application.

 - (b) the proponent does not provide the information, or address the matters, before the date fixed in the request or notice, or any later date agreed to by the schemes supervisor.
 - (4) If an amended draft notice of proposed termination is served under subsection (2)(a), the schemes supervisor:

 - (b) must not serve another request under subsection (1)(b) or explanatory notice under subsection (1)(c)(i) after reviewing the amended draft notice.
 - (5) If the schemes supervisor does not do one of the actions required by subsection (1) before the last day of the prescribed number of days applicable to that subsection:
 - (a) the application for an approval certificate is taken to have been rejected; and
 - (b) the proponent may apply to the Tribunal, not later than the last day of the prescribed number of days after the last day of the prescribed number of days applicable to subsection (1), for an order that has the same effect as an approval certificate; and
 - (c) if the schemes supervisor does one of the actions mentioned in subsection (1) before the Tribunal has begun to hear the application under paragraph (b):
 - (i) the action is as valid as if it had been done before that last day of that prescribed number of days; and
 - (ii) the Tribunal must not proceed to hear the application; and

- (iii) the schemes supervisor must, if the proponent so requests, pay to the proponent an amount not greater than the amount of any filing or hearing fee paid in relation to the application by the proponent.
- (6) A draft notice of proposed termination (or amended draft notice of proposed termination) becomes the **notice of proposed termination** for this Act:
- (a) if the proponent has applied to the Tribunal for an order under subsection (5)(b) – when the order made by the Tribunal that has the same effect as an approval certificate takes effect; or
 - (b) otherwise – when the approval certificate is issued under this section.

11 Resolution – proposed termination

- (1) As soon as practicable after receiving an approval certificate under section 10, a proponent must serve a request on the body corporate asking that a meeting of the body corporate be held to vote on a resolution for the termination of the development in accordance with the notice of proposed termination.

 - (i) an order requiring the body corporate to do what it is required to do;
 - (ii) an order requiring another person to do what the body corporate is required to do instead of the body corporate.

 - (a) at a price fixed by the Tribunal after it has received the written report mentioned in subsection (5); and
 - (b) on the other terms and conditions ordered by the Tribunal and that comply with any requirements prescribed by regulation as mentioned in section 13(5)(a)(ii).
- (4) If subsection (2)(b) applies and an objecting owner does not comply with it, the proponent may apply to the Tribunal for an order for the sale of the objecting owner's unit to the proponent:

- (b) any objection to the termination or redevelopment by an owner of a unit in the development is unreasonable; and
 - (c) it is otherwise necessary to do so, taking into account any factors prescribed by regulation.
- (2) In deciding whether to approve the termination of a development and any redevelopment of the development land, the Tribunal must also consider the following:
- (a) the extent to which an owner of a unit in the development is likely to suffer adverse consequences if the termination of the development were ordered;
 - (b) the extent to which an owner of a unit in the development is likely to suffer adverse consequences if the termination of the development were not ordered;

- (a) if no appeal is instituted under section 18 – at the end of the last day of the prescribed number of days applicable to section 18(3);
 - (b) if an appeal is instituted within the prescribed number of days applicable to section 18(3) but is unsuccessful – at the end of the proceedings for the appeal.
