### 69. LOCAL RATE

(1) Subject to this section, a municipal council may, at a meeting referred to in section 64(1) or at any other meeting, by resolution declare a local rate and it may declare that the rate be based on the assessed value of the ratable land within -

- (b) a penalty under subsection (1) shall be calculated only on the outstanding instalment on a daily basis from the date on which the missed instalment was due and payable until the date payment in full is made,

and the amount of the instalment together with any penalty shall be rounded down to the nearest dollar.

### 83. COUNCIL TO PAY INTEREST ON CERTAIN RATES REFUNDED

Where the amount of any rates paid to a municipal council is disputed by a ratepayer and the dispute is resolved, wholly or partly, in favour of the ratepayer the council shall refund the amount of any overpayment together with interest on that amount (but not on any penalty paid) calculated on a daily basis from the day the overpayment was made to the day it was refunded at the rate that the council would have paid for overdraft accommodation from its bankers on the day the overpayment was made.

the council may, by notice to the applicant, require the payment of the whole or a specified part of the rates, charges or penalties on or before a date specified in the notice.

(5) Where, under subsection (4), a council requires a ratepayer to pay rates, charges or penalties previously deferred, it may also require a further payment, being so much as it thinks fit of a penalty under section 79 in respect of the deferred payment of the rates or charges, considered as if the relevant deferment under this section
