Sections 14 and 15 are to be renumbered as, respectively, sections 49 and 50 and, for that purpose, are being repealed and re-enacted as part of this clause. This clause also inserts new Part 2A (Local inspections) and new Part 2B (offences).

Part 2A Local inspections

Division 1 NT NPM

14 Object of Part

New section 14 sets out that the object of Part 2A is that of providing a national preventive mechanism for the Northern Territory. The amendments augment the current oversight mechanisms in place under legislation such as the *Children's Commissioner Act 2013*, *Disability Services Act 1993*, *Ombudsman Act 2009* and *Mental Health and Related Services Act 1998*.

15 National Preventive Mechanism (Northern Territory) established

New section 15 provides for the establishment of a body to be known as the NT National Preventive Mechanism (NT NPM). This provision implements Article 17 of OPCAT.

16 Functions of NT NPM

New section 16(1) sets out that the NT NPM must exercise its functions for the purpose of improving the treatment and conditions of detainees and to prevent torture and other cruel, inhuman or degrading treatment or punishment.

New section 16(2) sets out the functions of the NT NPM. In summary they are to examine and review conditions of detention and treatment of persons deprived of liberty, to interact with the UN Subcommittee and other oversight bodies, to make recommendations to government and to review and comment on policies and laws.

New section 16(3) sets out that the NT NPM has the power necessary to exercise of its functions.

This provision implements Articles 19 and 20(f) of OPCAT.

17 Cooperation with other oversight bodies

New section 17 provides that the NT NPM (and thus also for NT NPM Inspectors) must act in cooperation with other oversight bodies and may communicate, consult with and collaborate with other oversight bodies.

This provision implements Article 19 of OPCAT.

18 Independence of NT NPM

New section 18 provides that the NT NPM must act independently, impartially and in the public interest and is not subject to any direction or control from any person (that is, including Ministers and heads of agencies).

This provision implements aspects of Article 18.1 of OPCAT.

19 Staff of NT NPM

New section 19 provides that the NT NPM (and thus the NT NPM Inspectors) can make arrangements with a public sector agency for use of the services of public sector employees. The section prohibits the NPM employing or engaging the services of a person employed or engaged for a place of detention under the jurisdiction of the relevant NPM Inspector.

The section also permits the use of consultants by the NT NPM

In employing or using public sector employees or engaging consultants the NPM must consider both their capabilities/knowledge and whether there is an adequate representation of gender, ethnic and minority groups (particularly having regard to Aboriginal and Torres Strait islander people and people living with a disability).

20 Delegation

New section 20 provides that an NPM (and thus NPM Inspectors) may delegate the powers and functions of the NT NPM.

Division 2 NT NPM Inspectors

21 Appointment of NT NPM Inspectors

New section 21 provides for the appointment by the Administrator of Inspectors for the purposes of OPCAT. An appointment can be made by reference to a particular person or to a particular designation or office. The intention is the appointment can relate to either a type of place of detention (e.g. adult correctional centre or mental health facility) or to a functional area (e.g. youth). The appointments could be structured so that for any one place of detention more than one NT NPM may have jurisdiction. For example, the NT NPM Inspector for children may have jurisdiction regarding a child in a youth prison or the youth when in mental health facility or in a police or court cell.

The instrument of appointment must be tabled in the Legislative Assembly.

The section also makes it clear that an NT NPM Inspector may hold other statutory offices or exercise other statutory functions.

This provision also deals with Article 17 of OPCAT.

22 Eligibility for appointment

Section 22 sets out the grounds of eligibility for appointment. The key grounds for the Administrator' decision in making an appointment are that the Administrator be satisfied that the person has suitable qualifications or experience and that the person is committed to the purposes of the Act and its underlying principles.

Additionally, there are a number of disqualifying factors such as being involved in the management of any place of detention, being a judicial officer, being a member of any Australian Parliament or of council, being a member of a political party, being a prescribed Northern Territory officer or of an NT controlled entity and not to have any recent political affiliations (as set out in section 25(2)). These provisions are based on equivalent provisions in the *Audit Act 1995*.

This provision also deals with Article 18.2 of OPCAT.

23 Term of appointment

Section 23 provides that a term of appointment for Inspectors is for five years. A person can be re-appointed for one only further period of five years.

24 Conditions of appointment

Section 24 provides that an NT NPM Inspector holds office on terms and conditions determined by the Administrator and that the conditions cannot be varied during the term of office and that they cannot be contingent on performance in the office of an NT NPM Inspector.

This provision also deals with Article 18.1 of OPCAT.

25 Acting NT NPM Inspector

Section 25 provides for the appointment of eligible persons as Acting NT NPM Inspectors. This can only occur if there is a vacancy or if another NT NPM Inspector is unable to perform the duties of the office of Inspector.

26 Oath before taking office

Section 26 provides that an NT NPM Inspector must take an oath of office before commencing duties as an Inspector.

27 Vacancy in office

Section 27 spells out the circumstances in which the office of an NT NPM Inspector becomes vacant. They include resignation, termination, a finding of guilt for certain offences, bankruptcy, becoming a political candidate for any Australian Parliament or local government council or ceasing to be an eligible under section 22.

If a person is appointed by reference to holding a position, the person ceases to be an NT NPM Inspector when they cease to hold the other position.

28 Resignation

Section 28 provides for resignations by NT NPM Inspectors. They do this by way of written notice to the Administrator.

29 Termination of appointment

Section 29 sets out the grounds for termination of the appointments of NPM Inspectors. These grounds for termination are much the same as those that generally apply in the Northern Territory for senior independent statutory officers. They relate to inability, corruption, unapproved other employment or absence from duty. It is the responsibility of the relevant Minister to table in Parliament the reasons for the Administrator's decision to terminate the appointment. Any response from the NPM Inspector must also be tabled in Parliament.

30 Cooperation with other NT NPM Inspectors

Section 30 provides that NT NPM Inspectors must cooperate with one another (for example, where they share jurisdiction over a particular place of detention or class of detained person).

Division 3 Chief NPM Inspector

31 Appointment of Chief NPM Inspector

New section 31 provides that the Administrator must appoint one of the NT NPM Inspectors as the 'Chief NPM Inspector'. The special functions and roles of the Chief NPM Inspector are set out in sections 32 to 34.

32 Communication with relevant Commonwealth agency

New section 32 provides that the Chief NPM Inspector has the function of coordinating any communications between the NPM and the relevant Commonwealth agency. That agency is currently the Commonwealth Ombudsman.

33 Chief Inspector taken to be NPM Inspector

Section 33 provides that in the absence of a specific appointment for a place of detention of an NPM Inspector, the Chief Inspector is taken to be the NPM Inspector for that place of detention.

34 Publication of guidelines

New section 34 provides that the Chief NT NPM Inspector may prepare and publish guidelines and standards in respect of the conduct of NT NPM Inspectors. It is expected that the Chief NT NPM Inspector will provide leadership to any other NT NPM Inspectors but the legislation does not impose on the other NPM Inspectors an obligation to comply with guidelines and standards.

Division 4 Inspections

35 Inspections

New section 35 provides that NT NPM may at any time carry out an inspection of a place of detention. It also provides that the NT NPM is not required to give notice to a detaining authority of an inspection.

This provision implements Article 19(a) of OPCAT.

36 Access to places of detention

New section 36 provides that the NT NPM has access to places of detention. This provision implements Article 20(c) of OPCAT.

37 Access to information

New section 37 provides that the NT NPM has access to information. This provision implements Article 20(b) of OPCAT.

This section also sets out that the notice must state the reasons why the requested information is relevant to a place of detention, the treatment of detainees or the conditions of detention.

38 Interview of persons.

New section 38 provides that the NT NPM may interview detainees and any other person who may have information concerning places of detention or the conditions of detention. This provision deals with Article 20(d) and (e) of OPCAT.

The section provides that the responsible Minister and the detaining authority must ensure that the Inspector is provided with assistance with interviews. The section also provides that the person being interviewed can have a support person present at the interview.

39 Detaining authority to give reasonable assistance

Section 39 provides that a detaining authority must provide reasonable assistance to the NT NPM when the NPM is exercising functions under the Act.

40 Unreasonable obligations

New section 40 provides that the NT NPM must not impose unreasonable or disproportionate obligations on a detaining authority.

41 Application of Division

New section 41 spells out that provisions of Division 4 apply notwithstanding anything in the *Children's Commissioner Act 2013*, *Correctional Services Act 2014*, *Court Security Act 1998*, *Disability Services Act 1993*, *Health and Community Services Complaints Act 1998*, *Mental Health and Related Services Act 1998*, *Notifiable Diseases Act 1981*, *Ombudsman Act 2009*, *Public and Environmental Health Act 2011*, *Sherriff Act 1962*, and the *Youth Justice Act 2005*.

Division 5 Reporting and other matters

42 Reports of NT NPM

New section 42 provides that the NT NPM must provide, for tabling in Parliament, an annual report to the Minister responsible for each applicable place of detention. The Minister is then obliged to table the report in Parliament and is obliged to respond to the NT NPM in respect of any recommendations contained in the annual report.

This section is intended to work so that, if there are two or more Inspectors, each of them must provide a report with, if necessary, a separate report to each Minister (for example, if the NPM Inspector is responsible for places of detention administered by different Ministers).

This provision also deals with Articles 22 and 23 of OPCAT.

43 Joint reports

This section makes it clear that a report for NT NPM purposes can be combined with another report being made by the NT NPM in respect of some other role.

44 Opportunity to be heard

This section provides that the NT NPM is not to make recommendations or provide advice, or make recommendations, make a report or otherwise publish information that contains adverse or derogatory comments in respect of a person or government agency

unless the NT NPM gives the person or agency a reasonable opportunity to make a submission about the proposed comment.

This section is based on section 20 of the *OPCAT Implementation Act 2021* (Tasmania).

45 Publication of identifying information

New section 45 provides that the NT NPM must not publish information obtained in the exercise of functions under the Act unless it is otherwise lawful to do or if the information is non-identifying (as defined in section 4) or the person involved has consented to the publication.

This provision deals with Article 22.2 of OPCAT.

46 Information sharing

New section 46 provides that an Inspector may share and exchange information with other oversight bodies. The term 'oversight bodies' is defined in clause 4 (amendment to section 3 of the Principal Act) to include all persons or agencies of the Northern Territory or the Commonwealth that have OPCAT-like functions.

47 Policy review

New section 47 provides that the NT NPM may review and comment on policies or policy proposals relating to the treatment and conditions of detainees.
