5 New regulation 11A

After regulation 11

insert

11A Position of measurement marking on standard wine package

- (1) For regulation 11(2)(b), the measurement marking on a standard wine package must be made on the surface of the package, other than the base or the top, in a way that enables all of the following information about the wine to be seen in a single field of vision:
 - (a) the statement of the measurement;
 - (b) the country of origin;
 - (c) the product name or product description;
 - (d) the actual alcohol content by volume in percentage terms.
- (2) For subregulation (1), information on a standard wine package can be seen in a single field of vision if a person can see the information without having to turn the package.
