Subdivision 1 Conduct of non-custodial offender

19C Attendance to participate in approved project

- (1) This regulation applies if a non-custodial offender subject to a non-custodial work order is required to be at a place during a period to participate in an approved project.

- (2) The offender must:
 - (a) be at the required place at the start of the required period; and
 - (b) remain at the required place for the required period.
- (3) However, if an offender is not at the place as required, the offender does not breach subregulation (2) if:
 - (a) the offender's absence is approved by a probation and parole officer; or
 - (b) the offender's absence is due to illness and the offender complies with subregulations (5) and (6); or
 - (c) the offender is directed to leave the place under regulation 19H(2).
- (4) A probation and parole officer may grant approval under subregulation (3)(a) if satisfied that reasonable grounds exist for the offender's absence.
- (5) If the offender is absent due to illness, the offender must give the probation and parole officer a certificate, signed and dated by a health practitioner, stating:
 - (a) the period for which the offender was, or is, in the practitioner's opinion, unfit to attend as required; and
 - (b) the grounds for that opinion.
- (6) The certificate must be given to the probation and parole officer not more than 72 hours (or any longer period allowed by the officer) after the offender was required to attend at the place.

19D Satisfactory participation

- (1) This regulation applies if a non-custodial offender subject to a non-custodial work order (other than a community work order) is required to participate in an approved project.
- (2) The offender must participate in the project in a manner satisfactory to the supervisor or a probation and parole officer.

Note for regulation 19D

For an offender subject to a community work order, an equivalent obligation is imposed by section 37(1)(b) of the Sentencing Act.

19E Alcohol and restricted drugs

- (1) This regulation applies if a non-custodial offender subject to a non-custodial work order is at a place to participate in an approved project.
- (2) The offender must not:
 - (a) be under the influence of alcohol or a restricted drug; or
 - (b) be in possession of alcohol or a restricted drug; or
 - (c) consume alcohol or use a restricted drug.
- (3) Subregulation (2) does not apply in relation to a drug taken, or to be taken, as prescribed by a health practitioner.

19F Protective clothing

- (1) This regulation applies if a non-custodial offender subject to a non-custodial work order is required to participate in an approved project that involves the offender performing work.
- (2) While performing the work the offender must, when directed by the supervisor or a probation and parole officer to do so:
 - (a) wear supplied protective clothing; and
 - (b) use supplied protective equipment.
- (3) If the supervisor or a probation and parole officer directs the offender to wear protective footwear while performing the work, the offender must:
 - (a) provide the protective footwear for himself or herself; and
 - (b) wear it while performing the work.
- (4) If the offender is given a direction mentioned in subregulation (2) or (3), the offender must, when wearing the supplied protective clothing, using the supplied protective equipment or wearing the protective footwear, comply with any directions of the supervisor or probation and parole officer in relation to that clothing, equipment or footwear.
- (5) In this regulation:

- (1) This regulation applies if:
 - (a) a non-custodial offender subject to a non-custodial work order is at a place to participate in an approved project; and
 - (b) the supervisor or a probation and parole officer reasonably believes that the offender:

 - (ii) for a community based order or community custody order – has breached a condition of the order.
- (2) The supervisor or probation and parole officer may direct the offender to leave the place and not return for the remainder of that day.
- (3) The offender must comply with the direction.
- (4) The supervisor or probation and parole officer is not required to arrange for the transport of the offender away from the place.

19J Suspension of obligation to participate in approved project

- (ii) a community based order or community custody order – has breached a condition of the order; and
- (b) it is inappropriate for the offender to continue participating in the approved project that the offender is required under the order to participate in.
- (2) The probation and parole officer may, by notice given to the offender, suspend the offender's obligation under the order to participate in the project.
- (3) The notice may be given verbally or in writing.
- (4) The suspension remains in force until a court deals with the offender under the *Sentencing Act* for the breach of the offender's non-custodial work order.
