# NORTHERN TERRITORY OF AUSTRALIA

# Subordinate Legislation No. 2 of 2016\*

## Plant Health Amendment (Control of Cucumber Green Mottle Mosaic Virus) Regulations 2016

I, John Laurence Hardy, Administrator of the Northern Territory of Australia, acting with the advice of the Executive Council, make the following regulations under the *Plant Health Act*.

Dated 9 March 2016

J. L. HARDY Administrator

By His Honour's Command

P. D. STYLES Minister for Business acting for Minister for Primary Industry and Fisheries

\* Notified in the Northern Territory Government Gazette on 10 March 2016.

#### 1 Citation

These Regulations may be cited as the *Plant Health Amendment* (Control of Cucumber Green Mottle Mosaic Virus) Regulations 2016.

## 2 Regulations amended

These Regulations amend the Plant Health Regulations.

#### 3 Part 2B inserted

After section 26D

insert

# Part 2B Control of Cucumber Green Mottle Mosaic Virus

# 26E Application

This Part applies:

- (a) if Cucumber Green Mottle Mosaic Virus is a declared pest under the Act; and
- (b) to a person who is the owner of a host plant and who grows it for sale or export.

# 26F Definitions

In this Part:

*farm biosecurity plan* means a plan by an owner of a host plant that specifies how the owner will manage the host plant at a place to minimise the risk of infestation or spreading of Cucumber Green Mottle Mosaic Virus in the Territory.

*host plant* means a declared host plant for Cucumber Green Mottle Mosaic Virus.

# 26G Prohibition of export from the Territory

A person must not export from the Territory a host plant or the following plant-related material of the host plant unless the person does so in accordance with a written permit given by the Chief Inspector:

(a) seeds;

- (b) seedlings;
- (c) tissue culture;
- (d) bee hives.

Note for regulation 26G Failure to comply with this regulation is an offence under section 17(6) of the Act.

## 26H Owner must have farm biosecurity plan for host plant

- (1) An owner of a host plant must:
  - (a) have a farm biosecurity plan for the host plant; and
  - (b) comply with the farm biosecurity plan for the host plant.
- (2) If an owner of a host plant has host plants at more than one place, the owner must have a farm biosecurity plan for each place.

Note for regulation 26H Failure to comply with this regulation is an offence under section 17(6) of the Act.

## 26J Owner must produce farm biosecurity plan to inspector

The owner of a host plant must produce the farm biosecurity plan for the host plant to an inspector on request.

Note for regulation 26J

Failure to comply with this regulation is an offence under section 17(6) of the Act.

#### 26K Inspector may vary farm biosecurity plan

An inspector may, by written notice to the owner of a host plant, vary a farm biosecurity plan that applies to the owner.

#### 4 Expiry of Regulations

These Regulations expire on the day after they commence.
