insert

Division 1A Other movement documents**69A Declaration or certificate for livestock movement interstate**

- (1) This regulation applies in relation to livestock that are to be moved out of the Territory to a State or another Territory.
- (2) Before the movement starts, the owner or person in charge of the livestock may request an inspector to:
 - (a) inspect the livestock and the property or place where the livestock are, or have been, kept; and
 - (b) make a written declaration or issue a certificate in relation to the livestock, property or place.
- (3) The declaration or certificate must give information about the status of the livestock and the property or place, in relation to diseases or infection, that is relevant to the requirements of the law in force in the State or Territory to which the livestock are to be moved.
- (4) Without limiting subregulation (3), the declaration or certificate may include any of the following information:
 - (a) whether the livestock are free of disease;
 - (b) whether the property or place is, or has been, infected;
 - (c) whether particular tests have been conducted on the livestock, property or place;

-
- (d) whether particular treatment has been given to the livestock, property or place.
 - (5) Before making a declaration or issuing a certificate under this regulation, the inspector must ensure all tests are conducted and all treatment is given as required by the law in force in:
 - (a) the State or Territory to which the livestock are to be moved; and
 - (b) each State or Territory through which the livestock are to be moved.

69B Declaration or certificate for export of livestock

- (1) This regulation applies in relation to livestock that are to be exported from a property in the Territory.
- (2) The owner or person in charge of the livestock may request an inspector to make a written declaration or issue a certificate in relation to the livestock or property (or both).
- (3) The declaration or certificate must give information about the status of the livestock or property, in relation to diseases or infection, that is relevant to the requirements of the law in force in the country to which the livestock are to be exported.
- (4) Before making a declaration or issuing a certificate under this regulation, an inspector must conduct appropriate investigations to enable the inspector to be satisfied about the past and current status of the livestock or property in relation to diseases or infection.
