NORTHERN TERRITORY OF AUSTRALIA

Subordinate Legislation No. 3 of 2012*

Fisheries Amendment (Fishing Gear and Amateur Fishing) Regulations 2012

I, Sally Gordon Thomas, Administrator of the Northern Territory of Australia, acting with the advice of the Executive Council, make the following regulations under the *Fisheries Act*.

Dated 31 January 2012

S. G THOMAS
Administrator

By Her Honour's Command

K. VATSKALIS
Minister for Primary Industry, Fisheries and Resources

* Notified in the *Northern Territory Government Gazette* on 8 February 2012.

1 Citation

These Regulations may be cited as the *Fisheries Amendment (Fishing Gear and Amateur Fishing) Regulations 2012*.

2 Commencement

These Regulations commence on 13 February 2012.

3 Regulations amended

These Regulations amend the *Fisheries Regulations*.

4 Regulation 3 amended

- (1) Regulation 3(1), definitions ***Pearl Oyster Fishery licence, spanish mackerel, threadfin salmon*** and ***Timor Reef Fishery licence***

omit

- (2) Regulation 3(1)

insert (in alphabetical order)

baitfish means any of the following:

- (a) fish of the family *Mugilidae* (commonly known as mullet);
- (b) fish of the family *Hemiramphidae* (commonly known as garfish);
- (c) fish of the family *Clupeidae* (commonly known as pilchards, herring and sardines);
- (d) fish of the family *Sillaginidae* (commonly known as whiting).

black jewfish means fish of the species *Protonibea diacanthus* (commonly known as black jewfish).

bream means fish of the genus *Acanthopagrus* (commonly known as bream).

cephalopod means a mollusc of the class Cephalopoda which includes, but is not limited to, the species commonly known as cuttlefish, octopus and squid.

fillet means part or all of the body musculature of a fish extending from the base of its head to its tail.

freshwater crustacean means a freshwater prawn or redclaw.

freshwater prawn means a crustacean of the genus *Macrobrachium* (commonly known as a freshwater prawn).

golden snapper means fish of the species *Lutjanus johnii* (commonly known as golden snapper).

king threadfin means fish of the species *Polydactylus macrochir* (commonly known as king threadfin).

redclaw means a crustacean of the species *Cherax quadricarinatus* (commonly known as a redclaw).

regulated mollusc means a mollusc that is not a cephalopod.

Spanish mackerel means fish of the species *Scomberomorus commerson* (commonly known as Spanish mackerel).

5 Regulation 4 amended

- (1) Regulation 4, definitions **amateur drag net**, **freshwater pot** and **pot**

omit

- (2) Regulation 4

insert (in alphabetical order)

amateur drag net means a net that:

- (a) is made of twine that has a diameter of not less than 0.35 mm; and
- (b) has a mesh size of not more than 28 mm; and
- (c) does not exceed 16 m in length (excluding any attached haul lines); and
- (d) has a drop of not more than 2 m.

Note for paragraph (a)

Twine that has a diameter of not less than 0.35 mm is equivalent to 6 kg monofilament fishing line.

complying freshwater pot means an enclosed pot that:

- (a) is designed to take freshwater crustaceans; and

-
- (b) is made of flexible net that:
 - (i) is stretched over a metal frame; and
 - (ii) has a mesh size of not less than 15 mm; and
 - (c) has not more than 2 openings (excluding any opening for emptying crustaceans from the pot or placing bait in the pot); and
 - (d) does not have metal or other rigid material protruding into the funnel of the pot; and
 - (e) does not exceed 70 cm in length or 50 cm in width or height; and
 - (f) has a turtle excluder device fitted to each opening (excluding any opening for emptying crustaceans from the pot or placing bait in the pot); and
 - (g) does not have inside or attached to it material that is likely to entangle fish or aquatic life.

complying marine pot means an enclosed pot that:

- (a) is designed to take mud crabs; and
- (b) has a volume of 0.5 m³ or less; and
- (c) does not exceed 1 m in length, width or height; and
- (d) for a pot used under a licence – has a minimum mesh size of 65 mm x 45 mm; and
- (e) has not more than 2 openings (excluding any opening for emptying mud crabs from the pot or placing bait in the pot); and
- (f) does not have metal or other rigid material protruding into the funnel of the pot; and
- (g) does not have inside or attached to it material that is likely to entangle fish or aquatic life.

dilly pot means a pot that:

- (a) is made of flexible net that:
 - (i) is stretched over one or more metal hoops that do not exceed 1 m in diameter; and
 - (ii) has a mesh size of not less than 15 mm; and
 - (iii) does not exceed 1 m in length; and
- (b) is constructed so that, when set, the sides collapse and the net lies flat on the ground and is not capable of entangling fish or aquatic life; and
- (c) does not have attached to it material that is likely to entangle fish or aquatic life.

funnel, of a pot, means the opening and adjoined internal flute of the pot that allows crustaceans to enter the pot.

pot means a portable device designed to act as a trap, or that may act as a trap, for crustaceans.

regulated pot means a complying freshwater pot, complying marine pot or dilly pot.

6 Regulation 8 replaced

Regulation 8

repeal, insert

8 No tethering of fish

- (1) A person must not place or retain a fish on a tether after the fish has been taken.
- (2) Subregulation (1) applies whether the fish is alive or dead.
- (3) It is a defence to a charge of an offence against subregulation (1) if the defendant proves the fish was at the defendant's place of permanent residence.

7 Regulation 15 repealed

Regulation 15

8 Regulation 26 amended

Regulation 26(2)

omit, insert

- (2) The Director must not grant a permit to import fish or aquatic life unless:
- (a) that species of fish or aquatic life:
 - (i) is indigenous to the Territory; or
 - (ii) is, under section 303EB of the *Environment Protection and Biodiversity Conservation Act 1999* (Cth), taken to be suitable for live import; or
 - (iii) is specified in Schedule 7; and
 - (b) in his or her opinion:
 - (i) there is no risk of disease to people, fish or aquatic life by the importation; and
 - (ii) there is no risk of variation of the genetic composition or genetic material of Territory fish or aquatic life by the importation; and
 - (iii) the fish or aquatic life to be imported will not adversely affect the diversity of genetic material within the Territory; and
 - (iv) the fish or aquatic life will not present an unacceptable risk of detriment to other fish or aquatic life in the Territory.

9 Regulation 29 replaced

Regulation 29

repeal, insert

29 Possession of fishing gear while taking fish for sale

A person taking fish for sale must not have possession of fishing gear other than:

- (a) fishing gear permitted by or under the Act for use by the person when taking fish for sale; or
- (b) an item ancillary to the use of that gear.

10 Regulation 31 amended

(1) Regulation 31(1)

Regulation 32

repeal, insert

32 Float must be attached to fishing gear

(1) Subregulation (2) applies to a person who is using any of the following fishing gear:

- (a) a drop line or demersal long-line, other than a line attached to a vessel;
- (b) a pot, other than a pot being used to fish for mud crabs;
- (c) a fish-trap;
- (d) an amateur drag net.

Note for subregulation (1)

See the Mud Crab Fishery Management Plan for requirements applicable to pots used to fish for mud crabs.

(2) The person commits an offence if at any time while the fishing gear is in use:

- (a) a complying float is not attached to the gear; or
- (b) the float is not above water level.

Maximum penalty: 40 penalty units.

-
- (3) Subregulation (4) applies to a person using a net, other than an amateur drag net, cast net or scoop net.
- (4) The person commits an offence if at any time while the net is in use:
- (a) a complying float is not attached to the middle of the headrope of the net; and
 - (b) a complying float is not attached to each end of the headrope of the net.

Maximum penalty: 40 penalty units.

- (5) In this regulation:

complying float, for an item of fishing gear, means a float that:

- (a) if the gear is not being used under a licence – is at least 80 mm in diameter and length; and
- (b) is marked legibly and indelibly with the following information, in a way that allows the information to be easily read when the gear is in use:
 - (i) if the gear is being used under a licence – the licence number in Arabic numerals and no other numbers;
 - (ii) otherwise – the first and last name of the person using the gear.

Example for paragraph (b)

The information may be marked by incising the float or by painting it with waterproof paint.

46C Certain fillets to be kept separate

- (1) A person commits an offence if the person has possession of a container or bag that contains any of the following types of fillets and the different types of fillets are not separated from each other by packaging:
- (a) a fillet from a specified fish;
 - (b) a fillet from any other type of general possession limit fish;
 - (c) a fillet from an unspecified fish.

Maximum penalty: 8 penalty units.

Example for subregulation (1)

Barramundi and bream fillets must be separated from each other by packaging, but barramundi and black jewfish fillets can be kept together.

- (2) In addition, the person commits an offence if any frozen fillets from different species of fish are not separated by packaging from the fillets from each other species.

Maximum penalty: 8 penalty units.

(3) It is a defence to a charge of an offence against subregulation (1) or (2) if the defendant proves the fish were:

- (a) at the defendant's place of permanent residence; or
- (b) taken under a licence or permit; or
- (c) obtained from a licensee, or the holder of a permit, permitted to sell the fish; or
- (d) purchased from a retail or wholesale outlet.

(4) In this regulation:

general possession limit fish means fish as defined in regulation 46B(1).

specified fish means any of the following:

- (a) barramundi;
- (b) black jewfish;
- (c) golden snapper;
- (d) shark;
- (e) Spanish mackerel.

unspecified fish means any of the following:

- (a) baitfish;
- (b) bream;
- (c) a fish prescribed for paragraph (f) of the definition **fish**, in regulation 46B(1).
