Schedule Plan further amended

NORTHERN TERRITORY OF AUSTRALIA

Subordinate Legislation No. 3 of 2017*

Barramundi Fishery Management Plan Amendment 2017

I, Kenneth Edward Vowles, Minister for Primary Industry and Resources, under section 25A of the *Fisheries Act*, approve the following amendments to the *Barramundi Fishery Management Plan*.

Dated 3 March 2017

K. E. VOWLES
Minister for Primary Industry and Resources

* Notified in the *Northern Territory Government Gazette* on 22 March 2017.

1 Citation

This instrument may be cited as the *Barramundi Fishery Management Plan Amendment 2017*.

2 Plan amended

This instrument amends the *Barramundi Fishery Management Plan*.

3 Clause 12 replaced

Clause 12

repeal, insert

12 Identification of gillnet

(1) A barramundi licensee must not use a gillnet unless:

(a) the following floats are attached to the gillnet and marked in accordance with subclause (2):

(i) 3 floats, attached by passing the head rope through the centre of each float so that a float is placed at each end of the head rope and in the middle of the head rope;

(ii) 2 reflective floats, each at least 300 mm in diameter and length, attached to the head rope so that a float is placed at each end of the head rope as the outermost float; and

(b) no other marked floats are attached to the gillnet.

Maximum penalty: 40 penalty units.

(2) Each float:

(a) must be legibly and indelibly marked, in a way that allows the information to be easily read when the gillnet is in use, with one of the following in Arabic numerals:

(i) the barramundi licensee's licence number;

(ii) if the barramundi licensee holds a Shark Fishery licence and the gillnet is being used under that licence – that licence number; and

(b) must not be marked with any other number.

Example for subclause (1)(a)

The licence number may marked by incising the float or painting it with waterproof paint.

(3) A barramundi licensee must not possess a gillnet to which marked floats are attached unless the floats are marked in accordance with subclause (2).

Maximum penalty: 40 penalty units.

(4) In this clause:

reflective float means a float fitted with a strip of reflective tape at least 20 mm in width around the circumference on the vertical axis.

4 Clause 17 replaced

Clause 17

repeal, insert

17 Possession of gillnet permitted only at certain places

(1) A barramundi licensee may possess a gillnet:

(a) at any time:

(i) at the licensee's permanent residence; or

(ii) at an approved camp site; or

(iii) in a port; or

(iv) at the premises of a Net licensee; or

(b) during the period starting 5 days before the open season and ending 5 days after the open season in the same year – in open waters or at a holding area; or

(c) during the period starting 1 day before the open season and ending 1 day after the open season in the same year – at an approved camp site on a registered vessel used for the purposes of the licence held by the licensee.

(2) However, a barramundi licensee must not, at any of the following places, possess a gillnet to which a head rope is attached unless floats are attached to the head rope, and marked, in accordance with clause 12(1) and (2):

(a) outside a port on a vessel;

(b) an approved camp site;

(c) any other place while fishing under a barramundi licence.

Maximum penalty: 40 penalty units.

5 Clause 24 amended

(1) Clause 24(2)(c)

omit

Territory; or

insert

Territory.

(2) Clause 24(2)(d)

omit

whole paragraph

6 Schedule 5 replaced

Schedule 5

repeal, insert

Schedule 5 Closure lines

clause 4(1), definition ***closure line***
