SCHEDULE

NORTHERN TERRITORY OF AUSTRALIA

Regulations 1992, No. 28*

Regulations under the *Water Act*

I, JAMES HENRY MUIRHEAD, the Administrator of the Northern Territory of Australia, acting with the advice of the Executive Council, hereby make the following Regulations under the *Water Act*.

Dated 26 June 1992.

J.H. MUIRHEAD
Administrator

WATER REGULATIONS

PART 1 - PRELIMINARY

1. CITATION

These Regulations may be cited as the *Water Regulations*.

2. COMMENCEMENT

These Regulations shall come into operation on the commencement of the *Water Act 1992*.

3. FORMS

A reference in these Regulations to a form by number is a reference to a form so numbered in the Schedule.

PART 2 - REVIEW

4. REVIEW OF ACTION OR DECISION OF CONTROLLER

(1) An application under section 30 of the Act shall -

(a) be in accordance with Form 1; and

* Notified in the *Northern Territory Government Gazette* on 30 June 1992.

Water Regulations

(b) be made within 30 days after the notification to the applicant of the decision or action it is proposed should be reviewed.

(2) Where a Review Panel is convened for the purpose of advising the Minister on a matter to be reviewed, the Chairman of the Panel shall, in accordance with Form 2, cause details of the date, time and place at which the Panel will meet to consider the matter to be advised to the applicant.

(3) Where 2 or more applicants seek reviews on similar grounds in respect of matters concerning land in the same general locality, the Review Panel may consider the matters together.

(4) The Minister shall advise an applicant of the Minister's decision on any matter referred to the Review Panel within one month after the Review Panel gives its advice to the Minister.

PART 3 - PERMITS AND LICENCES

Division 1 - Permits and Licences other than Drilling Licences

5. WATER INVESTIGATION PERMIT

(1) An application under section 36(1) of the Act for a permit to explore for water ("Water Investigation Permit") shall be in accordance with Form 3 and shall be lodged with the Controller.

(2) The Controller may publish in a newspaper circulating in the locality of the land to which the application relates a notice, in accordance with Form 4, of the application having been made and if the Controller does so he or she shall forward a copy of the notice to the owners and occupiers of any land in the vicinity of the land to which the application relates which, in the Controller's opinion, may in any way be affected as the result of the granting of the proposed Permit.

(3) The costs of publication of the notice under subregulation (2) shall be met by the applicant.

(4) A Water Investigation Permit shall be in accordance with Form 5.

6. PERMIT TO CONSTRUCT OR ALTER WORKS

(1) An application under section 41(1) of the Act for a permit to construct or alter a dam, water storage or water control structure ("Permit to Construct or Alter Works") shall be in accordance with Form 6 and shall be lodged with the Controller.

Water Regulations

(2) The Controller may, in respect of an application for a grant (not being by way of a reissue), publish in a newspaper circulating in the locality of the land on which it is proposed to carry out the works a notice, in accordance with Form 7, of the application having been made and if the Controller does so he or she shall forward a copy of the notice to the owners and occupiers of any land upstream or downstream of the point of the proposed works which, in the Controller's opinion, may in any way be affected as a result of the granting of the proposed Permit.

(3) The costs of publication of the notice under subregulation (2) shall be met by the applicant.

(4) A Permit to Construct or Alter Works shall be in accordance with Form 8.

7. BORE CONSTRUCTION PERMIT

(1) An application under section 57(1) of the Act for a permit to carry out an operation referred to in section 56(1) ("Bore Construction Permit") shall be in accordance with Form 9 and shall be lodged with the Controller.

(2) A Bore Construction Permit shall be in accordance with Form 10.

8. LICENCE TO TAKE OR USE SURFACE WATER

(1) An application under section 45(1) of the Act for a licence to take or use water ("Licence to Take or Use Surface Water") shall be in accordance with Form 11 and shall be lodged with the Controller.

(2) The Controller may publish in a newspaper circulating in the locality of land to which the application relates a notice, in accordance with Form 12, of the application having been made and if the Controller does so he or she shall forward a copy of the notice to the owners and occupiers of any land upstream or downstream of the proposed point of taking of the water which, in the Controller's opinion, may in any way be affected as the result of the granting of the licence.

(3) The costs of publication of a notice under subregulation (2) shall be met by the applicant.

(4) A Licence to Take or Use Surface Water shall be in accordance with Form 13.

Water Regulations

9. LICENCE TO TAKE GROUND WATER

(1) An application under section 60 of the Act for a licence to take water from a bore ("Licence to Take Ground Water") shall be in accordance with Form 14 and shall be lodged with the Controller.

(2) A Licence to Take Ground Water shall be in accordance with Form 15.

Division 2 - Drilling Licences and Qualifications

10. DRILLING LICENCE

(1) An application under section 49 of the Act for a Drilling Licence shall be in accordance with Form 16 and shall be lodged with the Controller.

(2) A Drilling Licence shall be in accordance with Form 17.

11. RECORDS AND SAMPLES

The holder of a Drilling Licence engaged in any operation or work pursuant to Drilling Licence shall -

(a) keep records in accordance with a form approved by the Controller; and

(b) keep representative samples of -

(i) approximately 250 grams weight taken of each change of strata observed in the bore, and in any case samples of strata at intervals not exceeding 3 metres, such samples to be secured in a clean bag, 10cm x 15cm in size manufactured of plastic at least 0.1mm thick or in a bag not less than that size and at least the same strength, clearly marked so as to identify the bore and the depth at which the sample was taken; and

(ii) not less than 1 litre volume of each water cut in the bore preserved in a clean bottle, completely filled and tightly stoppered or sealed and clearly marked so as to identify the bore and the depth at which the sample was taken.

12. DRILLERS' QUALIFICATIONS ADVISORY COMMITTEE

(1) The Drillers' Qualifications Advisory Committee shall be constituted by 8 members appointed by the Minister -

Water Regulations

- (a) 2 of whom shall be qualified as hydrogeologists or groundwater engineers;
- (b) 2 of whom shall have, in the Minister's opinion, adequate experience in the planning and conduct of drilling operations;
- (c) 2 of whom shall be appointed to represent users and shall be persons who, in the Minister's opinion, are not involved in the drilling industry or employed in the public sector; and
- (d) 2 of whom shall be appointed from a panel of not less than 3 names submitted to the Minister by the Australian Drilling Industry Association or, if no such panel is nominated, then as the Minister thinks fit.

(2) The Minister shall appoint one of the members of the Committee to be its chairman and such other members, in the order the Minister chooses, to be its acting chairman in the absence of the Chairman from a meeting of the Committee.

(3) The Chairman shall call such meetings of the Committee as the Controller directs.

(4) At a meeting of the Committee -

- (a) the Chairman and 3 other members, one from each of the categories of members other than the Chairman's, constitute a quorum;
- (b) questions arising shall be determined by a majority of the votes of the members present and voting and in the event of an equality of votes the matter shall be taken to have been defeated; and
- (c) subject to this regulation, the Committee shall determine the procedure to be followed at or in connection with the meeting.

(5) The Committee shall keep records of its meetings.

(6) In this regulation "Chairman" includes an acting chairman while so acting.

13. FUNCTIONS OF COMMITTEE

(1) The functions of the Drillers' Qualifications Advisory Committee are to advise the Controller -

- (a) in relation to the granting, renewal or variation of Drilling Licences;

Water Regulations

- (b) in relation to the operation of Division 2 of Part 6 of the Act; and
- (c) on matters referred to it by the Controller.

14. QUALIFICATIONS

For the purposes of section 49(1)(b) of the Act, the prescribed qualifications are a pass in such examinations set or nominated by the Drillers' Qualifications Advisory Committee as the Committee thinks appropriate for the type of work proposed to be carried out under the Drilling Licence, or such other qualifications and/or experience as the Committee or the Controller considers to be equivalent to those qualifications.

Division 3 - General

15. RENEWAL OF PERMIT OR LICENCE

Where a person applies not later than one month before the expiration of a permit or licence for the grant of a new permit or licence referred to in regulation 5, 6, 8 or 10 amounting to a renewal of the existing one, regulation 5(2), 6(2) or 8(2), as the case may be, does not apply to or in relation to the application.

16. PERMITS OR LICENCES LOST OR DESTROYED

Where a permit or licence document has been lost or destroyed, the Controller may, on receipt of a statutory declaration as to the circumstances of the loss or destruction and of any other evidence he or she considers necessary, issue a duplicate permit or licence which shall have the word "duplicate" endorsed on it.

17. REGISTERS OF PERMITS AND LICENCES

The Controller shall cause to be kept a register of permits granted pursuant to sections 36, 41 and 57 of the Act and a register of licences granted pursuant to sections 45, 49 and 60 of the Act.

18. JOINT INTERESTS

(1) Every joint application for a licence, permit or consent shall be in accordance with the appropriate form for such an application but shall be in the names of and signed by each joint applicant, or his or her agent, and shall bear the address of each such applicant.

(2) The Controller, after considering the application, the objections, if any, and all replies to such objections made by one or more of the joint applicants, shall determine whether or not a licence, permit or consent -

Water Regulations

- (a) shall be granted to the applicants jointly;
- (b) shall be granted to one or more of the applicants, but not to all the applicants,

and may include as a condition of the licence, permit or consent such special conditions concerning the joint and several obligations of the applicants as the Controller thinks fit.

(3) It shall be a condition of every joint licence, permit or consent -

- (a) that each joint holder is jointly and severally bound by the terms and conditions;
- (b) that each joint holder is jointly and severally liable for any fees or other amounts payable or which may become payable under the Act;
- (c) that where one joint holder is convicted of an offence against the Act, each and every joint holder shall be deemed also to have committed the offence and may be convicted of it and shall be liable to the penalty prescribed unless the joint holder proves that he did not know and had no reasonable means of knowing of the commission of the offence at the time of its commission; and
- (d) that each joint holder is jointly and severally bound to comply with all notices and directions given under the Act, except where the notice or direction relates to any thing, measure or work on the land of one or more, but not all, such holders, in which case the notice or direction shall specify which joint holders shall be bound to comply therewith and are liable for a failure so to do.

(4) Where, pursuant to section 93(1) of the Act, the Controller, by notice, amends or modifies the terms and conditions of a joint licence, permit or consent, the Controller may specify in the notice the manner in which the respective entitlements of each of the joint holders are amended or modified by the notice.

(5) Where pursuant to section 93(2) of the Act the Controller, by notice, revokes or suspends a joint licence, permit or consent, the Controller may specify in the notice the manner in which the respective entitlements of each of the holders are revoked or suspended.

Water Regulations

(6) Where an application, notice or other document is permitted or required to be served on the joint holders of a licence, permit or consent, service on any one such joint holder shall be deemed to be service on every joint holder.

FORM 5

Regulation 5(4)

NORTHERN TERRITORY OF AUSTRALIA

Water Regulations

WATER INVESTIGATION PERMIT

Pursuant to section 36 of the *Water Act*

Permit No.

Subject to full compliance with the *Water Act*, Regulations and
the terms and conditions set out below, permission is granted to

.....
of
to enter the land situate at Lot No. Section No.
Hundred of Portion No. Township
Lease No./name to investigate for water.

This Permit remains in force for a period of months from
the date of this Permit.

Water Regulations

Terms and Conditions

1. The permittee shall give notice in writing to the owners and occupiers of all of the lands abovementioned upon which he wishes to enter for the purpose of the water investigation at least 14 days prior to entry. Any such notice shall clearly indicate the work proposed to be carried out on the land and the name and place of business of each person who will enter on the land to carry out the work.

2. This Permit does not entitle the permittee to enter upon any lands -

- (a) within the curtilage of any dwelling house;
- (b) upon which any crop, vines or orchard is situate;
- (c) occupied pursuant to a mining tenement within the meaning of section 4 of the *Mining Act* other than with the permission of the tenement holder.

3. Any structure, equipment or any other thing attached to the land pursuant to this Permit shall not be deemed to have become a fixture for the purpose of giving the owner or occupier of the land a proprietary interest in such structure, equipment or thing.

4. The permittee shall ensure that as little damage as is practicable is done to any land entered pursuant to this Permit and that, upon completion of the investigations, the land is restored as nearly as is reasonably practicable to the condition in which it was before the commencement of the investigations, or alternatively in accordance with prior agreement between the parties. The Permit holder is liable for compensation to the land holder for damage caused by entry or works.

5. The permittee shall furnish copies of any data obtained during the investigation to the Controller of Water Resources at the end of the investigation period or as otherwise required by this Permit and at such times as the Controller may request during the operation of this permit.

6. The following specific conditions will apply -

Controller of Water Resources

Date

Note: Every application for a reissue of a permit shall be made not later than one calendar month prior to the date of expiry of this permit.
