Regulations 1987, No. 53\*

---

Regulations under the *Mines Safety Control Act*

I, ERIC EUGENE JOHNSTON, the Administrator of the Northern Territory of Australia, acting with the advice of the Executive Council, hereby make the following Regulations under the *Mines Safety Control Act*.

Dated 23 December 1987.

E.E. JOHNSTON  
Administrator

---

AMENDMENT OF MINES SAFETY CONTROL REGULATIONS

NEW REGULATION

The Mines Safety Control Regulations are amended by adding after regulation 42A the following:

"42B. DECLARATION OF AREA OF SILICOSIS RISK

"(1) Subject to subregulation (2), the Chief Government Mining Engineer may, by notice in writing served on the manager, declare a mine or a part of a mine to be an area of silicosis risk for the purposes of the *Silicosis and Tuberculosis (Mine-Workers and Prospectors) Act*.

"(2) Where, under subregulation (1), the Chief Government Mining Engineer declares a mine or part of a mine to be an area of silicosis risk, he shall, as soon as practicable after making the declaration, notify the Chief Medical Officer within the meaning of the *Public Health Act*.

---

\* Notified in the *Northern Territory Government Gazette* on 13 January 1988.

*Mines Safety Control Regulations*

"(3) A manager served with a notice under sub-regulation (1) shall -

- (a) enter particulars of the notice in the Record Book; and
  - (b) notify all persons employed in the mine or the part of the mine, as the case may be, that it is an area of silicosis risk for the purposes of the *Silicosis and Tuberculosis (Mine-Workers and Prospectors) Act.*".
